## NORWOOD COLLEGE

(For the University Education of Women).

TORONTO, - ONTARIO.

PROF. T. NELSON DALE, Acting Principal.

Pupils are received at the age of seven years in the Junior Department, and are led on through the Preparatory Forms to the Woman's Local Examinations, or to the Matriculation Examinations of the University of Toronto, and then through the University Department to the degree of B.A. (a course of study unattempted by any other institution established for women in Ontario). The College of Music, under the direction of Prof. Haslam, Professor of Music at the Conservatoire Royal de Musique, Boulogne, France, and of the Royal Academy of Music, London, England, with an able staff of European artists. The College of Fine Arts, under the management of Miss Dunne, late Artist to the Vice-Regal Court, Ireland, with an able staff of assistants. Fees, if paid yearly in advance, \$187 to \$362. No extras. Lessons in calisthenics and riding free. For Prospectus and further information apply to

**WHAT IS CATARRH?**

Catarrh is a mucous-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxemia, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, reaching the larynx, causing ulceration of the throat, the inflammation of the tubes, causing deafness; hurrying up the mucus, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death. Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers—Toronto Mail, Messrs. A. H. DIXON & SON, 305 King St. West, Toronto, Canada. Inclose stamp for their treatise on Catarrh.
