

I have further omitted *Thecla augustus*, *Chrysophanus epixanthe*, *Lycaena lucia* and *Grapta gracilis* of former lists, for want of authentication, and because, in my judgment, they are unlikely visitors. These genera are specially confusing to amateurs, and it is not unlikely that some allied species may have been mistaken for these.

I acknowledge assistance of value from Messrs. W. H. Edwards, Geo. H. French and Thos. E. Bean, who have aided me much in the preparation of this list.
