

selling at 9c. common refined at 7½c. and choice at 8½c. Teas unchanged, with a fair business. Tobaccos easy, and Liquors unchanged.

HARDWARE.—A fair trade is reported by the majority of dealers this week, and the outlook is considered good. Quite a lot of heavy goods have been bought for spring delivery, and builders' hardware is now moving fairly. Pig iron appears scarce and is firm, holders asking \$27 for Summerlee. Cables report the iron trade of Britain as more cheerful. There is not much pig iron in market, Carnbroe and Dalmellington are selling at \$25, but this price would be shaded for May delivery. No Nova Scotia in market, but since the Londonderry Steel Co. have lighted their second furnace the demand can hereafter be better supplied. Ordinary bar is now quoted lower, say \$2.10 to 2.15. Prices here for our general list continue unchanged.

HIDES AND SKINS.—There is a fair supply of hides, and prices are unchanged at 7½ to 8c for cured. Dealers pay 7c for green cow, and 8c for steers. Calfskins are beginning to offer more freely, and sheepskins remain firm at quotations.

PROVISIONS.—Business quiet, with few changes in prices. Butter rather firmer especially choice qualities, which are scarce; the best tub will bring 24c., and ordinary 1½. Large rolls at 16 to 18c., and inferior at 1½. Eggs are in fair receipt and easier at 1 for fresh in case lots. Cheese unchanged with but a moderate demand at 12½ for common and at 13 to 14c. for good to fine. Dried Apples are in fair demand and firm at 9 to 9½c. for loose country lots, and 10 to 10½c. for selected. Beans are wanted at \$1.65 to \$1.75, with sales of small lots at \$1.80 to \$1.90 per bushel. Potatoes in moderate offer, and prices steady at about 65c. per bag in car lots. Bacon continues quiet and prices firm at 11½c. for long clear and 10½c. for Cumberland Cut in small lots; car lots ½c. lower; rolls 12½ to 13c. Hams unchanged; round lots of sweet pickled bring 12c., and smoked is quoted at 13½c. Mess Pork rules at \$21.50 for car lots and \$22 for smaller quantities. Lard is in moderate demand and prices very firm; round lots of tub sell at 13½c., and pails are steady at 14 to 14½c. Dressed Hogs are not offering very freely and prices are rather firmer than week ago. Cars of good averages, say 20 cwt., will bring \$8.80.

Wool.—No change can be noted in this market. The demand is moderate, with limited offerings of fleece, which sell at 19 to 21c., the latter for selected lots. Pulled Supers sell at 27 to 28c., and Extra at 32c.

OUR NEW MALLEABLE WORKS.

Every one interested in the progress and prosperity of Oshawa as a manufacturing centre, will be pleased to learn that the malleable iron castings turned out of the new works erected by the Joseph Hall Manufacturing Co., prove to be of a very high order. They fulfil every requisite of first-class malleables. First, they are soft and tough. Secondly, they are stiff and will not bend without extraordinary strain. Thirdly, they turn, bore, and drill readily. Fourthly, there is no shrinkage, so that where holes are cast in the parts they will fit exactly the wood or other parts to which they are to be attached. Fifthly, the castings are strong and smooth. Sixthly, they are very straight and not warped. The Company has expended a large amount of money in getting the works in first-class condition. Mr. Bailey has done his part to the satisfaction of all parties. His selection of the various brands of iron has been good, and in every respect he has shown his thorough knowledge of the business.

The Company will not only make agricultural machinery castings, but will give special attention to saddlery and carriage hardware, and castings of all kinds for various branches of manufacture in Canada. We are informed that the works will be enlarged as soon as the weather will permit, by the erection of additional moulding shops and annealing ovens so as to meet the demand for high grade goods. It is not the intention of the Company to make the lowest priced castings, but the best which have ever been made in Canada, and everything that labor, skill, money and care can do, will be done to maintain the quality of the goods turned out. It is a most important industry to Oshawa, as it will employ a large number of skilled workmen who are able to earn high wages, and must attract other business to the town. The high quality of the goods will be sure to create such a demand as will tax the capacity of the Works to supply.—*Ontario Reformer*, March 2.
