

The way to play.

Now when you sit into a game
With all the players in,
Just watch the cards & watch the ^{turns}
If there is not much chance to win
Pass it.

But if you hold some certain
And are ^a worthy sinner ^[cards]
Let someone shoot his very best
Dead certain you are winner,
Call it.

& so it is with merchandise
A game that's worth the weaving;
Don't put your money on high priced ^{goods}
With no chance of pulling even
Pass it.

Invest your money in our goods
You're winner & we're winners,
They're honest good & value too
Even though we both be sinners.
