

## S.O. 43

**Madam Speaker:** Is there unanimous consent for this motion?

**Some Hon. Members:** Agreed.

**Some Hon. Members:** No.

## CALL FOR RESOLUTION OF WEST COAST PORTS DISPUTE

**Mr. Len Gustafson (Assiniboia):** Madam Speaker, I rise under the provisions of Standing Order 43. The shutdown of shipping at the Port of Vancouver is costing farmers \$8 million per day in lost grain sales. Canada's reputation as a major exporting nation is challenged. In addition, western farmers have produced the largest grain crop on record and the economic impact is great to this country. I move, seconded by the Hon. Member for Pembina (Mr. Elzinga):

That the Government give more than lip service to solving the very serious situation that exists and take some affirmative action and order the dispute resolved.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some Hon. Members:** Agreed.

**Some Hon. Members:** No.

## FISHERIES

GOVERNMENT POSITION ON PEARSE COMMISSION  
RECOMMENDATIONS

**Mr. Benno Friesen (Surrey-White Rock-North Delta):** Madam Speaker, there are serious rumours circulating on the West Coast to the effect that the West Coast Fisheries Act will be enacted by this Government in December by Order in Council which will include major recommendations of the Pearse Report, including those for ground fish species. Therefore I move, seconded by the Hon. Member for Richmond-South Delta (Mr. Siddon):

That the Minister of Fisheries make a statement on motions elaborating on the Government's intentions so that the fishermen so deeply affected by this Report will not be taken by surprise.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some Hon. Members:** Agreed.

**Some Hon. Members:** No.

## HOUSING

CALL FOR ASSISTANCE TO HOME OWNERS RENEWING  
MORTGAGES

**Mr. Bill Wright (Calgary North):** Madam Speaker, whereas the Minister of Finance, in his "this-is-not-a-budget" budget, stated that interest rates are now at levels comparable to those of two years ago, and whereas the five-year conventional mortgage rate in October, 1980, was 14.5 per cent compared to the latest figure of 16 per cent, I move, seconded by the Hon. Member for Pembina (Mr. Elzinga):

That the Minister look once again and more carefully into the differences between the mortgage market of two years ago and today's mortgage market and offer some concrete assistance to those home owners in difficulty with mortgage renewal at rates that are still far too high.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some Hon. Members:** Agreed.

**Some Hon. Members:** No.

## DISARMAMENT

## SUPPORT URGED FOR WORLD REFERENDUM

**Mr. Simon de Jong (Regina East):** Madam Speaker, I also rise under the provisions of Standing Order 43. Whereas 70 per cent of the voters who marked their ballots in municipal referenda this Wednesday in Saskatchewan voted "yes" for disarmament, and whereas people in the town of Meadow Lake, Saskatchewan, which is next to the bombing range where the Cruise missile will be tested, voted 70 per cent in favour of stopping the testing, I move, seconded by the Hon. Member for The Battlefords-Meadow Lake (Mr. Anguish):

That the Canadian Government introduce at the United Nations a motion calling for a world referendum on disarmament, and put into practice the Prime Minister's proposal of suffocation by cutting short negotiations on the testing of the Cruise missile, testing which will be opposed by thousands of Canadians at rallies across the country tomorrow.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some Hon. Members:** Agreed.

**Some Hon. Members:** No.

## GOVERNMENT POLICY ON USE OF SATELLITE DISH RECEIVERS

**Mr. John Bosley (Don Valley West):** Madam Speaker, two years ago the Governemnt said it would take no action against owners of satellite dish receivers but that their use was illegal. Six weeks ago the Minister of Communications (Mr. Fox) announced that some owners of dishes would be prosecuted,
