Montreal,
Que.

Dear Sir:-

I have a framed copy, similar to those that used to hang in the Reading Room of the Old Engineering Building, of the Engineering Class of 1896.

If it is of the slightest interest, I will be pleased to send it on by Express, prepaid.

I am to be superannuated next Month, am moving to smaller quarters, and discarding all unnecessary impedimenta.

Yours truly,

G. H. H. H.

CITY ENGINEER.

GCH/H.
