AND THE RUSSIAN ACQUISITIONS ON THE CONFINES OF INDIA AND CHINA: WITH ADVENTURES AMONG THE MOUNTAIN KIRGHIS, AND THE MANJOURS, MANTAROS, TOUNGOUZ, TOUSEMITS, GOLDI, AND GELTARS. By T. W. ATKINSON, F.G.S., F.R.G.S., Author of "Oriental and Western Siberia." Dedicated by permission, to HEN MAJESTY. SECOND EDITION. Royal 8vo., with Map and 83 Illustrations. £2 2s., elegantly bound

"Our readers have not now to learn for the first time the quality of Mr. Atkinson as an explorer and a writer. The comments we made on, and the extracts we selected from, his 'Oriental and Western Siberia' will have sufficed to show that in the former character he takes rank with the most daring of the class, and that in the latter he is scarcely to be surpassed for the lucidity, picturesqueness, and power, with which he portrays the scenes through which he has travelled, and the perils or the pleasures which encountered him on the way. The present volume is not inferior to its predecessor. It deals with civilisation, semi-civilisation, and barbarous life. It takes us through localities, some of which are little, others not at all, known to even the best read man in the literature of travel. The entire volume is admirable for its spirit, unexaggerated tone, and the mass of fresh materials by which this really new world is made accessible to us. The followers, too, of all the 'ologies' will meet with something in these graphic pages of peculiar interest to them. It is a noble work."—*Athenaeum*.

"We must refer to Mr. Atkinson as one of the most intelligent and successful of the civilised travellers of our own day. By far the most important contribution to the history of these regions is to be found in Mr. Atkinson's recent publication on the Amoor—a work which derives equal interest from his well-stored portfolio and his pen."—*Edinburgh Review*.

"This is in every respect an *œuvre d'art*. Its magnificent apparel not inaptly symbolises its magnificent contents. Mr. Atkinson has here given us a narrative which could be told by no other living Englishman. The intrinsic interest of that narrative is enhanced by Mr. Atkinson's gift of vigorous and graceful description. Thanks to the power of his pen, and the still more remarkable power of his pencil we follow his travels with eager interest and anxiety. He himself is the chief object of interest, from his thirst for adventure and daring exploits, and the countless shapes of terror and death that he encounters. The work is a magnificent contribution to the literature of travel. More useful and pleasant reading can no where be found."—*Literary Gazette*.

"Mr. Atkinson has here presented the reading world with another valuable book of travels. It is as interesting, as entertaining, and as well written as his previous work. It is a volume which will not only afford intellectual entertainment of the highest order, but fitted to instruct both the philosopher and the statesman. The vast territorial acquisitions lately made by Russia in the Northern parts of Central Asia, along the whole frontier of China, is described by an eye witness well qualified to estimate their real value and political advantages. Our readers, we feel sure, will peruse this interesting book of travels for themselves. It contains something for every taste."—*Daily News*.

"The success of Mr. Atkinson's 'Oriental and Western Siberia' has happily induced him to write and publish another volume, and written with the same unflagging interest. A more pleasing as well as more novel book of travels it would be difficult to find. The illustrations are admirably executed, and they add ten fold to the value of a volume already possessing intrinsic merits of the highest kind. Independently of the deep interest it excites as a traveller's tale, the work has other claims. It presents peculiar geographical and ethnological information, and points out a boundless field of commerce to English enterprise. It marks with a decided pen the gradual advances of Russia towards British India, and the sweeping rush of her conquering energy from Siberia to the Pacific. Thus Mr. Atkinson's book has not only a literary, but a political and commercial importance. There is food for all readers and interest for all."—*Globe*.

"This is noble and fascinating book, belonging in right both of subject and treatment to the choicest class of travel literature. The vast panorama unfolded is one of the most marvellous in the world, and has hitherto been among the least known to the nations of the west. It is now set before them with exquisite clearness and force of expression by one who has the highest claims to confidence as an observer and delineator."—*Spectator*.

"A really magnificent volume, which for many years to come must be a standard authority upon the country of which it treats. It is very interesting and abounds in incident and anecdote both personal and local."—*Chronicle*.
