SATURDAY MORNING, JAN. 17.

HEALTH WORK IN TORONTO. Dr. Hastings' work as M. O. H. ha. the last three years, but he is now coming to his own as the result of his systematic efforts for the prevention control of disease is becoming manifest. The recent announcements in connection with the reduction of

deaths, however, the rate for Toronto is only 11.2 per 100,000, and only Point Raised in Suit Brought by Cleveland, with 6.3; Cincinnati, with 7.3; Boston with 7.9; St. Louis, with 10.2; New York with 10.4, and Buffalo, with 11.2, show a better record. If so much can be effected by supervision and attention, the sympathy of the citizens should be elicited for any further advances in hygienic regulation that may be suggested. Last

MISUNDERSTOOD.

The Telegram stated last night that ir "does not run Mr. Beck." This is the noblest tribute to Hon. Adam Beck The Telegram has ever paid. It is in the nature of a self-denying ordinance, too, for everybody knows the long nights and weary days thru which the editor of The Telegram has toiled palafully in bringing the hydro-electric policy to perfection. Like Artemus Ward, we feel that we could shed tears over the splendid self-abnegation that gives all the honor to Mr. Beck, while the faithful journalist sits in the background and DICTATES to his stenographer, and asks for no reward or recognition. These things touch our better nature, and we hope not for the worse. We feel that Mr. Beck will not permit It's Grandmother's Recipe such self-immolation to pass unheeded. He will feel, as every generous nature must, that the man who has saved the hydro-electric system from ruin and from the insidious attacks of every newspaper in Canada but The Telegram, merits all that one man can do for another. If Mr. Beck has been unaware of the unpretentious efforts on his behalf that have

goes over there to raise money to tunnel Toronto and build radials all STRONG SHOWING over York County, Hon. Adam will be able to use his influence to help him to get it at three per cent. But The Telegram may circumvent them yet.

PUBLIC SERVICE FOR THE PUBLIC As The World has pointed out or many occasions, one of the chief objections to public service monopolies in private hands is that they invariably prefer to serve a few at high rates rather than the many at rates that will meet the general need. That, too, even if the result showed an equal profit to the companies. Mr. Henniker Heaton, the champion of lower postal telegraph and cable rates, made that one of his chief arguments for cheaper services, and the contention has underlain the whole movement for the nationalization or municipalization of public serices and utilities.

This view has just received notable endorsation in "The Wells Fargo Messenger," published by the United States Express Company, which, like its competitors, is now suffering from the institution of the parcel post and from the regulation of the interstate commerce commission. Faced with a compulsory reduction of rates, to become effective on Feb. 1, the Wells Fargo management sees in the lower tariff

man can do for another. If Mr. Beck has been unaware of the unpretentious efforts on his behalf that have been carried on for so long, we would commend the editor of The Telegram to Mr. Beck's consideration.

M

BY BANK OF N. S.

Eighty-Second Annual Statement Just Issued is Most Gratifying.

SHAREHOLDERS GLAD

Net Profits for the Year Amount to More Than a Million.

The Bank of Nova Scotla's eighty-second annual statement appears in this issue. Owing to the changes in the form of statement, made necessary by the recent revision of the Bank Act, comparisons with last year's figures cannot readily be made. However, it may be noted that the total assets have increased from \$71:-273.298.95 to \$80.151,829.99 during the year. Liabilities to the public (deposits, notes outstanding, etc.), total \$62.636.436.27. The holdings of coin and legal tender amount to \$10,440,-349.08. Notes of and cheques on other banks, balances due by banks and banking correspondents, including sterling exchange, amount to \$7.885,-463.07, and other readily available assets, such as call loans and invest-

Toronto or elsewhere. Monsieur Cusin referred to the strange feeling he just experienced in arriving in Canada from the contrast to their farewell from under the southern cross and the greetings of Miss Canada, girded in her tight fitting belt of zero weather, welcoming him home again.

The Meisterschaft School will soon

celebrate its twenty-fifth anniversary or a quarter of a century of uniq-

Club, under the direction of Dr. Norman Anderson, are progressing admirably for the club's annual concert which will be given in Convocation thall on the evening of Feb. 11. The chorus numbers one hundred voices of a quality much superior to those which were heard at previous concerts of the Glee Club. The program for this year's concert is considerably in advance of those given in former years. Only the best modern masters in this form of charal art will be represented. Several novelities too, will be sung, and some of the notable "hits" of last year's concert will be repeated, chiefly Foote's male quartette arrangement of Pinsuit's winsome "Poate". When the considerably is advance of those siven in former years. Only the best modern masters in this form of charal art will be represented. Several novelities too, will be sung, and some of the notable "hits" of last year's concert will be repeated, chiefly Foote's male quartette arrangement of Pinsuit's winsome "Poate" increased to one thousand.

Officers Were Elected Last Night in Canadian Foresters' Hall.

At the annual meeting of the Toronto Osteopathic Association, held last evening in Foresters' Hall, 22 College street, the following officers were elected: President, W. R. Parke; vic-president, J. H. Dunn (Woodstock); secretary, G. A. Williams; treasurer. C. E. Hilton; directors, J. C. McConachie, R. W. Butler, (Brantford) and E. Booth (Ottawa).

A glance at the report of the department of trade and commerce (part adian goods Great. Britain is using. In Canadian export figures is more than gratifying.

More satisfactory, however, is the Opportunity offered Canada by the Universal Exhibition, to be held at Nottingham, England, May to October, 1914.
