

Rev. Father Allard's Appeal.

Rev. Father Allard, administrator of the archdiocese of St. Boniface, has issued the following appeal to the clergy of the Province of Quebec:—

"Reverend and Dear Conference,—The newspapers informed us last October of the disloyal and perfidious reply made by the Hon. Mr. Thomas Greenway, Prime Minister of the Province of Manitoba, to the petition of the Catholics of the archdiocese of St. Boniface in vindication of our rights and privileges in the matter of education and to obtain justice. This unlucky reply constitutes, as an illustrious prince of the church has said, an infamy for those who have drafted it; it imposes upon us the painful necessity of making new overtures to the Federal authorities, in the form of a petition, which you will be asked to have signed by all your parishioners, as far as possible. This new petition will be forwarded to you in a few days to be signed and addressed to his Excellency the Governor-General in Council, care of his Grace Mgr. the Archbishop of Ottawa, during the first half of the month of February next. Such an important and serious undertaking makes it necessary for me to make a trip of a few weeks in the Province of Quebec, and the 3rd of January next has been fixed for my departure. The Very Rev. J. N. Richot, cure of St. Robert, is commissioned during my absence to administer the affairs of the diocese jointly with the Rev. Father Poitras, O. M. I., of the Archbishop's Palace, to whom all correspondence and requests for dispensation, etc., should be addressed. Your fervent prayers offered each day to God for the triumph of the sacred cause of the Catholic schools of Manitoba and of the Northwest Territories will be continued for me, as I entertain the sweet hope for the success of my journey which I am on the eve of taking for this end alone. With my wishes for a good, happy and holy New Year, kindly accept the assurance of my entire and respectful devotion in our Lord and Mary Immaculate. (Signed) J. ALLARD, O.M.I., Administrator.

If current reports are to be relied upon, Bishop Mats of Denver is not going to escape from the responsibilities of his position as easily as he hoped. It is now stated that there is very little likelihood of his resignation being accepted, Rome evidently thinking that he can straighten out matters at Denver better than any other prelate could do. Resignations of bishops, except for very grave causes, are not to Rome's liking, and, as has already been stated, the probabilities are that, considering the conditions under which his resignation was tendered, Bishop Mats will have to govern the Colorado churches for some time yet.

To the Editor of the Catholic Register.

Please inform your readers that we are prepared to make them the following liberal offer:—To those who have Catarrh and desire to be cured without risk of losing their money we will send a Germicide Inhaler and medicine for the cure of that disease without asking a cent of pay in advance. After a fair trial has been given and the remedy found to be genuine, \$3 can be sent us to pay for the treatment. However, should the remedy fail in giving satisfaction in every respect, the Inhaler can be returned at our expense and no charge whatever will be made. Could anything be more fair? You have everything to gain and nothing to lose. If the remedy is not what we claim, we are the losers, not you. "REMARKABLE CURE OF DROPSY AND DYSPPEPSIA."—Mr. Samuel T. Casey, Belleville, writes:—"In the spring of 1884 I began to be troubled with dyspepsia, which gradually became more and more distressing. I used various domestic remedies, and applied to my family physician, but received no benefit. By this time my trouble assumed the form of dropsy. I was unable to see any food whatever except boiled milk and bread; my limbs were swollen to twice their natural size; all hopes of my recovery were given up, and I quite expected death within a few weeks. Northrop & Lyman's VERTICABLE DISCOVERY having been recommended to me, I tried a bottle with but little hope of relief; and now, after using eight bottles, my Dyspepsia and Dropsy are cured. Although now seventy-nine years of age I can enjoy my meals as well as ever, and my general health is good. I am well-known in this section of Canada, having lived here fifty-seven years; and you have liberty to use my name in recommendation of your VERTICABLE DISCOVERY, which has done such wonders in my case."
