PURE WATER. In addition to the many modern improvements recently introduced into the O'Keefe Brewery, the latest is a powerful water filter, erected by the New York Filter Co., having a capacity of ten thousand gallons per hour, and filtering the water absolutely pure before being put in their Ales, Porter and Lager.

TORONTO, Nov. 19, 1895. Dear Sir, I hereby certify that I have made an analysis of water taken from your filter and find it of first-class purity, being bright, clear and free from all suspended impurities.
