

## RETAIL BUTCHERS SEE HORSE RACES

Annual Picnic at Exhibition Grounds Successful Affair.

Favored by ideal weather conditions, racing was once more resumed in this city at the Toronto Retail Butchers' Association annual picnic, held at the Exhibition Park yesterday afternoon, which resembled a local race meet of a few seasons ago, and recalled "fond memories" to a host of old-time horsemen that once more collected to witness the trotter and pacer in action. The butchers' association is to be complimented for the very commendable program that entertained the patrons. The program consisted of athletic sports, a horse show and two harness races, a trot and a pace. The following awards were made in butchers' delivery, abattoir and roadster classes:

Butchers' delivery, west of Yonge street—J. F. J. Walcott; 3, F. J. Walcott; 3, B. Fairthorne. Butchers' delivery, east of Yonge street—J. C. Clayton Meat Company; 2, Clayton Meat Company. Abattoir class—J. Gunns, Limited; 2, Gunns, Limited; 3, Swift Canadian Company; 4, Swift Canadian Company. Abattoir teams—1 and 2, Harris Abattoir Company. Roadster class—1, Thomas Bartram; 2, G. Thomas; 3, B. Fairthorne.

Harness Races. Stated as the premier attraction, the harness races lived up to advance notice and provided good entertainment for both young and old, inciting continued applause from the crowd that occupied the grand stand and lined the track. The 2.30 trot was called first with an entry of four, and proved a good contest, despite the fact that an accident in the third heat caused a pair of broken sulks and robbed the race of a heat winner, while the sensational young trotter, Silk Line, plunged under the rail while his driver was endeavoring to pull him out of a running prior to entering the stretch. Fortunately neither the driver nor the horse was hurt, although Silk Line was drawn from the race.

The pace proved a three heat affair, but Mansfield found stubborn opposition in the local owned mare, Florence Peters, after the veteran driver, Jack Fleming, was given the mount in the second heat, and thrilling finishes held the result in doubt until announced by the judges.

## MUNICIPAL CHAPTER TO BE REPRESENTED

At a meeting of the Municipal Chapter, held yesterday afternoon at the Sherbourne House Club, Miss Elizabeth Dickson, vice-regent, presided. The business of the meeting was to decide upon the plan by which the membership of the L.O.D.E. in Toronto will be represented in the demonstration and parade on Women's Day at the Exhibition.

After various suggestions had been discussed, it was decided that the work done by the order for the welfare of children from tubercular mothers thru the L.O.D.E. Prevention, should be represented by a float containing some of the little tots of the institution. Also that all officers and members should walk preceded by a large flag, which would tell that the organization since the war had raised the cost of the chapters of Toronto, over \$240,000 and that 10,000 soldiers' families are visited by their visiting committees. Other flags at intervals were to tell of special work in which the order is engaged or to which they have given assistance. The standard bearers will also carry their flag.

The executive of the national will be asked to walk with the Toronto contingent. Members will be asked to meet their regents at the Exhibition and regents will receive tickets thru Miss Dickson.

## Blame the Nerves

When you cannot sleep and are easily irritated and worried you have reason to suspect that the nerves are below normal.

They are not getting proper nourishment from the food you eat and need a little special help. A few weeks' treatment with Dr. Chase's Nerve Food will do wonders for anyone in this condition. Note your increase in weight while using this food cure.

## Other People's Opinions

The Sharon Temple.

The following statement has been addressed to the people of the County of York, by Dr. James D. Hughes, president of the society for which he speaks:

The York Pioneer and Historical Society has purchased the Temple of the Children of Peace at Sharon for an historic house and museum for York County. The society intends to allow the field on which the Temple stands to be used as a recreation park by York County organizations; under proper regulations, and for school fairs, etc. Applications for permission to use the grounds should be made to Mr. John D. Graham, Sharon.

The Temple is now being restored, and it will be in readiness for a grand opening on the first Saturday in September, which was one of the two great feast days of the sect that built it. When completed York County will have the finest Historic House and Museum in America. The gathering on September 7th should be the largest ever held in York County. It will be addressed by several distinguished men.

I most earnestly request all who have articles of any kind used on the farms either in the home or in the fields in early days to present them to the society so that the museum may be made worthy of the historic County of York. I would like very much to secure any Indian relics, or guns, awards, or other implements of war connected with the early history of Canada or any uniforms of York regiments, or band instruments of York regiments, or other regiments that fought in York.

In the historical department there should be records of the founding of all the churches and all the schools of York County; and also of Temperance Societies, and other organizations connected with the development of the county.

Cases will be provided for the proper care of books, reports, minutes, documents, and all articles of historic interest that may be presented to the society. Documents relating to the founders of the society that built the Temple will be of special value, and banners and other things connected with the services in the place of meeting or with the ceremonies in the Temple will be gratefully accepted by the trustees.

The Temple will be ready for the reception of any of the classes of articles named or any other articles of historic interest on Saturday, August 10, and every one in York County who has any articles appropriate for the museum, or for the historical records department, or any picture suitable for the walls of the Temple is requested to bring them or send them to Sharon on the afternoon of that day.

The membership of the society has been more than 1,000 from Toronto and its suburbs, and 40 from other parts of the County of York. Since the meeting of the York County Council in June, one man, Mr. H. D. Ramsden, reeve of the East Gwillimbury, has sent seventy-five dollars for fees for new members. The fee is one dollar per annum, or ten dollars for life membership. If each member of the county council will equal Mr. Ramsden, we will get over a thousand members this year from York County outside the city.

The qualification for membership in the York Pioneer is residence in York County for forty years or more. Women as well as men are eligible for membership. Let every postmaster in York County keep a list for signatures and collect the membership fees, and bring them to the meeting at 2 p.m. on Saturday, September 7, at Sharon. Reeve Ramsden will easily get 100 new members because he has no ladies yet on his list. Beat his record if you can.

The band of the 48th Highlanders under Lieut. John Slater will play at Sharon on September 7, and I hope to have the old organ of David Wilson made ready to furnish music on that date, played by John D. Graham, who was for 25 years leader of the celebrated Sharon Band. I am told the organ was the first organ made in Ontario.

## EXPRESS EMPLOYEES REMAIN ON STRIKE

The 100 day and night employees of the Canadian Express Co. who have been on strike for two or three days are still out. Negotiations between W. G. Medland and Edward Allen, superintendent of the Canadian Express Co., and the representatives of the men, failed to produce results. Those affected include more than 90 per cent. of the expressmen. The men were receiving a minimum wage of \$30 a month, and a maximum of \$40. They demanded a raise to 40 cents an hour and 45 cents an hour for overtime. The company had already raised the rate from \$25 to \$30 a month, the original schedule having been \$20 a month minimum, with a maximum at the end of two years of \$30 a month.

The strikers will meet this evening at the Labor Temple.

## JOSEPH WIGGINS KILLED.

Joseph Wiggins, 1913 Dufferin street, aged 17, was instantly killed yesterday afternoon when he was struck by a motor car building, Mutual street. He was walking in a motor car while the elevator was in motion, and in some manner fell off and was crushed between the drum and the wall. The body was taken to the morgue, where an inquest will be held.

The members are: Hon. T. W. Crothers, minister of labor; Prof. R. M. MacIver, of the University of Toronto; Herbert T. Daly, manufacturer and merchant of Toronto; J. C. ## QUEBEC COMMENT ON TORONTO RIOTS

Newspaper Compares Two Disturbances in Favor of Ancient Capital.

Quebec, Aug. 7.—The Quebec Telegraph, in an editorial headed "Toronto Cutting Loose," comments as follows on the rioting there:

"The tenacity with which the Toronto rioters persist in their work of devastation and disorder makes the little disturbance of last spring in Quebec pale into insignificance. Between \$75,000 and \$100,000 damage, amounting money fished from the safes of the battered restaurants, is the estimated damage which has been done, besides which \$40,000 damage to property in the Quebec riots is relatively insignificant. We extend our sympathies to Toronto in its reign of anarchy and terrorism, and we assure all peaceful citizens who wish to escape from its anarchy that the ancient City of Quebec is a comparatively tranquil haven which will hospitably welcome the refugees from mob rule in Toronto."

"Imitation may be the sincerest form of flattery, but no such device as was necessary to emphasize the sentiments which Toronto no doubt entertains toward Quebec. And when the imitation so far exceeds the original, as in the present case, we are inclined to think that Toronto is animated by a certain jealous pride into showing us that here in Quebec we do not know how to stage a really first-class riot, and that there, as elsewhere, Toronto takes on an ambitious and ambitious city, Toronto. Hamilton has no copy-right monopoly to that name."

## BRITISH TROOPS TAKE BACK LOST POSITIONS

London, Aug. 7.—The British war office reports:

"At an early hour this morning the British troops holding the sector on our front southwest of Morlaucourt counter-attacked and regained all of the more important portions of the ground taken from them by the enemy in his attack yesterday. All objectives of our counter-attack have been secured and a number of prisoners captured by us."

"As the result of the action of our patrols yesterday and during the night we have advanced our line a short distance astride the Clarence River, in the Lys sector, and captured a few prisoners and two machine guns."

"A party of our troops successfully rushed one of the enemy posts last night north of Vieux Berquin, on the north side of the Lys sector."

"The hostile artillery has been active east of Robecq and in the Merville and Dickebusch sector."

## FRENCH SEIZE STATION OF CIRY SALSGOIE

Paris, Aug. 7.—The war office reports:

"The statement reads: 'In the sector of Montdidier our troops have made some local progress south of Francourt and southeast of Meud-St. Georges (west of Montdidier).'

"Along the Vesle the French last night repulsed German attempts against La Grange farm (west of Reims), and occupied the station at Ciry Salsogoe. We made 100 prisoners east of Braine."

"In Champagne a local attack was directed this morning against our position south of Aubervie. It was thrown back."

## GERMAN SAILORS MUTINY AT KIEL

Many Rumors Spread of Revolt Against Submarine Work.

London, Aug. 7.—Rumors of a revolt by German sailors at Wilhelmshaven, in protest against continuation of the submarine war, are in circulation, according to a despatch to The Express from Amsterdam. It is reported that propagandists among men incited sailors about to leave on submarine cruises to attack their officers and surrender their ships or seek opportunity to sink them and get themselves interned in neutral harbors. More than 50 submarines are said to have disappeared.

Twenty-three of the ringleaders of the revolt are reported to have been arrested and sentenced to death. Many others have been arrested at Kiel and elsewhere. It is added: "The recent resignation of Admiral von Holtzendorff as chief of the naval staff is declared to have been connected with the scandal. Emperor William, it is added, has abandoned an intended visit to the fleet at Wilhelmshaven this week because of the ferment there."

## GERMANS THREATEN OFFENSIVE BY WATER

Paris, Aug. 7.—Field Marshal von Hindenburg and General Ludendorff, in order to maintain their prestige and stimulate the depressed morale at home, usually well-informed observers are now intent on striking a blow against the British front in conjunction with the German fleet. An order issued by the new chief of the German admiralty staff, Admiral Scheer, is said to express the wish of the fleet to attack the British naval forces.

The allies have only light forces north of the Vesle and are obliged to await their heavy guns before pressing the offensive. If the allies consent, the allies have proof that the Germans are suffering seriously from the lack of effectiveness. Some observers believe that the Germans are regrouping their divisions in preparation for a broad defensive rather than an early offensive.

## FURTHER ADVANCES FOR CZECHO-SLOVAKS

London, Aug. 7.—Announcement of the landing of allied troops at Archangel, and of further successes for the Czechoslovaks, is made in a Russian Government wireless message received here. Describing the situation in the north and east, it says:

"On the Czechoslovak front after the fall of Samara and Ufa, the Czechs have captured Novy, Nizhny, Ekaterinburg, and Simbirsk. On the Don we have retreated to Poverno. We are sending reinforcements toward Kazan and Simbirsk. Today the Czechoslovaks shelled Kazan."

## VOLUNTEER RUSSIANS ASSIST ALLIED UNITS

Kandalakska, Aug. 7.—Volunteer detachments of white guards are giving aid to the allied units pursuing the Bolshevik forces retreating southward from Archangel. The new Archangel Government has arrested most of the Bolshevik leaders who had not fled. The Bolshevik commissioner of war, Zenzov, was killed, otherwise the change in government was virtually bloodless.

Before the allied troops landed at Archangel the loyal Bolsheviks issued a proclamation to the troops urging violence toward allied citizens.

NORTHEN GOVERNMENT FORMED AT ARCHANGEL

Kandalakska, Russian Lapland, Monday, Aug. 5.—The new government of the Murman territory, and it is prepared to assume relations, diplomatic, financial and industrial, with foreign nations for the "region of the north."

The heads of this government, which include representatives of six of the Russian northern provinces, are members of the group which proclaims itself to be working for the restoration of real democracy in Russia.

## Trotsky Threatens Penalties To Deserters From Soviets

Amsterdam, Aug. 7.—Leon Trotsky, Bolshevik war minister, says a Moscow despatch by way of Berlin, has issued a proclamation denouncing as traitors, punishable with death, all representatives of the Soviet power who desert their posts before having done everything possible for defence. He alludes to the allied occupation of Archangel and the flight of the local Soviet. Trotsky orders immediate arrest of those members of the Archangel Soviet who can be regarded as deserters, and will put them on trial before a revolutionary tribunal.

## SHORTER GERMAN LINE.

Paris, Aug. 7.—Indications are that the German high command is all ready to proceed with another shortening of the western front on a different sector than that between Soissons and Rheims, according to a Zurich despatch to The Main quoting a Berlin despatch to The Badische Presse of Karlsruhe. This operation, it is added, has in view not only the occupation of more favorable positions, but, more particularly, the release of a considerable number of divisions.

## BRITISH AT VLADIVOSTOK.

Shanghai, Aug. 7.—British troops landed at Vladivostok at dawn today, says a despatch from that city. They were accorded a friendly reception.

# Munitions Workers

When you are tired and think to yourself, I will "ease up" a bit, before "easing up," remember:

There is a chap "over there" who is so tired and weary that it would come as a relief to him to be wounded or fall sick. Yet he has been sticking it out night and day, Sundays and holidays, for nearly four years, in one grim welter of slaughter.

He gets "fed up" with the whole show, but just as often as he gets "fed up" he pulls himself together, grits his teeth and goes on.

To such as he the timely arrival of the shell you are working on may mean the difference between life and death.

He dare not ease up when he feels like it. He must stick it out and see it through.

When you get "fed up" just give a thought to these men, and we know that you will pull yourself together, grit your teeth and go on as they do.
