FIGHTING MALARIAL MOSQUITOS.

just returned from Africa, says that, alugh his investigations only proceeded though his investigations only proceeded six weeks, the results were remarkable. The authorities in Sierra Leone, acting on his advice, are now destroying the virulent mosquito by every means in their power. In the judgment of Major Ross, the future of the west coast will be assured as soon as the colonial authorities take similar steps in the neighborhood of the principal towns, although years must elapse before the inland stations are improved.

THE TORONTO IS SWIFT

Covered 22,540 Miles at an Average of 18 Miles an Hour. Kingston, Ont., Oct. 15.—During the short season of seventeen weeks the steamer Tooms made quite a record for herself. Last evening Capt. Booth, first mate, on looking over his log-book, discovered that the Toronto, during her season's trips, covered 22,540 miles. She made 820 stops, during which she was tied un 640 hours. Her

which she was tied up 640 hours. Her average speed was 18 miles an hour. Sneak Thief's Good Haul. The detectives are trying to find a sneak thief who made a good haul at the home of Mr. S. Stayner, 321 Jarvis-street, on Saturday night. The robber got in by a rear dear and went upstairs while the members of the household were in the front part of the house. When the robbery was discovered a lady's gold watch and chain, a diamend ring, three bracelets and two tie pins were missed.

When Was "the Hanging"? Thomas Pursell, a young man, walked into No. 7 Police Station last night and asked Sergt. Somerville "when the hanging was going to take place." The sergeant thought something was wrong and by a further questioning was satisfied that his interrogator was suffering from some mental trouble. He was placed in a cell and char, red with being a lunatic. Pursell says he comes from Farrie.

3.00.

J. W. T. Fairweather & Co. 84 YONGE ST.

Message From Sarnia Said D. P. Phillips Was Wanted There on a Charge of Smuggling.

THE COST OF PUMPING WATER

was wanted there on a charge of smuggling. Detectives Campbell and Bleakly

of the Fire and Water Committee extractions to be served from Engineer Barrow a report on the ability of the present pumps to pump water to the high level reservoir if a 30-inch main be laid. Engineer Barrow in his report, after expressing himself as still in favor of his recommendation, adopted by last year's council, dividing the city into two districts, with a new main on Barrow-street to serve the low level and the present mains to serve the high level, the high level reservoir to be enlarged, goes on to quote figures to show the effect of increased consumption on the friction.

In his opinion the pressure at the pumps to build two sewers in the mother, Hiltonstreet, yesterday afternoon, Miss Blanche Furnival, third daughter of the late T. G. Furnival, was married to F. W. Francis of Furnival, third daughter of the late T. G. Furnival, was married to F. W. Francis of Furnival, third daughter of the late T. G. Furnival, was married to F. W. Francis of Furnival, third daughter of the late T. G. Furnival, th

th the head of the high level reserved at a consumption of 3,000,000 gallons uid be only 3.36 pounds greater than a pressure when the standpipe is on. By arging the high level reservoir to 1,000, o gallons, the work of the Beach pumps uid be reduced. He thinks the pumps uid be reduced. He thinks the pumps uid be reduced. o gallons, the work of the Heach pumps build be reduced. He thinks the pumps build be reduced. He thinks the pumps build be able to bear the pressure for a ne, but even if they broke down under e effort, with the third main the presert throughout the city, he says, would better than now, and there would be no rious result. With the third main and e division of the city into districts, he cures out a saving of 40 horse-power in mping, or \$1400, at the Cataract Power through the consumption of

company's figures, on a consumption of 5,000,000 gallons a day.

His conclusions are that the adoption of his plan would involve little if any more expense than now, while the pressure would be much improved and \$3000 would be saved by closing the high level pumping station. A Midnight Brawl.

A Midnight Braw!

Between 12 and 1 o'clock yesterday morning Arthur Taibot, Wellington-street north, and Frank and James Byrnes, Gibson-avenue, were waylaid by street thugs at the corner of James and Vine-streets. Talbot was hit on the head with a club, causing a painful'scalp wound, which was dressed by Dr. McCabe. The trouble began, it is said, in a market square saioon over the merits of some of The Herald road racers. Talbot and the Byrnes were not anxious to enlighten the police.

"The Bride-Elect," will receive its first presentation in Toronto. Mr. Sousa in this lyric success is said to be more enjoyable as a libretist and composer of operatic airsthan as a popular bandmaster and writer of stirring marches. "The Bride-Elect" will be most adequately staged, handsomely and correctly costumed and intelligently acted. It is a most difficult matter for any opera company to present a coterie of ar opera company to present a coterie of artists, such as will be heard in this organization. Drew Donaldson, the prima donna, is young and endowed with rare beauty, and has a voice of unusual sweetness and pronounced volume. Miss Lillian Ramsden is an actress of years of experience, and was featured as the prima donna with Hoyt's companies. Marie Celeste was for pronounced volume. Miss Lillian Ramsden is an actress of years of experience, and was featured as the prima donna with Hoyt's companies. Marie Celeste was for a time the leading soprano with several comic opera productions, and the idol of the Harvard boys. Neil McNeil, the principal comedian, has a character that fits him to a nicety, and he is so far above the ordinary that he is most refreshing, and never fails to amuse. Frank Smiley, the powerful lyric tenor, has a splendid part, as has also Henry Leone, O. B. Thayer and the other principals. A chorus and augmented orchestra lend splendor to the March King's most pronounced success.

A Musical Review.

Edward W. Townsend's "McFadden's Row of Flats" opens at the Toronto Opera House to-night for a week's run, with a special matinee on Thursday, Thanksgiving Day. The review, which has this season been improved by the addition of a series of musical numbers written for it by Svan S. Biggs, is said to be entirely new, its three acts having been completely revised and re-written by Mr. Townsend and Mr. John Fowler. It is now said to contain a number of bright and original situations, several catchy songs and an improved lot of special entertainment acts. It was constructed, says Mr. Townsend, for fun-making purposes only, and its story of the "Vellow Kide." and the other depirance of John Yorrel of Sarnia, and stated Taillips
was wanted there on a charge of smuggifing. Detectives Campbell and Bleakly
arrested Phillips as he left the Star Thea
tre.

Officer Yorrel arrived here this evening
for the prisoner. He went out to visit

For this week of Oct. 16 a great show is promised by the management of the cosy little Empire Theatre. An extra matinee will be given on Thanksglving Day. This show is said to be both entertaining and instructive, and will afford a pleasing recreation for all patrons. The first part will depict the troubles of a persistent book agent, and is both funny and clever. The olio holds many surprises in store. Miss Annita Carre is heralded as a charming soubret and imitator of Anna Held. Her first appearance in Toronto is bound to create a furore. The McCann family of dancers are said to be the best in their chosen line, and there are other artists who give special acts of a high order of merit. The closing act will be a burlesque by Nichols and Teed, entitled "The Far West." This is said to be one of the best acts ever put on a Toronto stage. Smoking is always allowed at this theatre.

GREAT PRAIRIE FIRES,

The Dauphin District. Swept for

Over Four Hundred Square

Winnipeg, idan., Oct. 14.—A Canadian Pacific despatch says: "Enormous damage by prairie fires is reported from the Dauphin District during the heavy wind of a few days ago. A district of nearly one hundred miles square was burned over, and nearly all farmers have lost hay, while many are left without horses and stables. The Government will have to give assistance to some of the settlers, several of whom are left with nothing but the clothes on their backs. The heavy rainfall of this week has, fortunately, checked the flames.

The action of the Board of Control in referring the question of reduced water rates back to the committee for further investigation, will result in the matter being delayed for some time. At present the Treasurer's Department is hard at work sending out bills for the current half-year, and consequently will be unable to comply with the Board's request until after Dec. 1. As over 40,000 accounts will have to be gone over, it can easily be seen that the question is effectually shelved for several months at least.

A Civic Send-Off.

Building Permits.

Building permits have been granted to Å.

E. Walton for the erection of two stores at Queen-street and Broadylew-avenue, to cost \$5000: to G. H. King, five dwellings at Harbord and Bathurst-streets, to cost \$10,000, and to P. P. Griffin for a factory storehouse on St. Helen's-avenue, to scost \$2000.

Avolitect Lennov estimates the cost \$2000.
Architect Lennox estimates the cost of laying fire-proof floors in the tower at \$1475.
The contracts for supplying the Water Works Department with oil have been laid over until the next meeting of the Board of Control.

Ready for Thanksgiving. Lieut.-Col. McLaren, Major Zealand Capt.-Adjutant Tidswell, Capt. Labatt and Capt. and Brevet-Major Ross, all of Hamilton, accompanied by a number of city officers, have inspected the ground of the military manoeuvres proposed for Thanksglving Day.

Raised for the Scheme.
Rabbl Hirsch Werner of Elmira delivered an address yesterday in Richmond Hall on "Zionism," a subject that is causing much discussion this era. He said that a great movement was now on foot to purchase a portion of land in the Holy Land, and there form a haven, as it were, for Jews all over the world. They wished to have all the Jews they could go back to the land that rightfully belonged to them, but he did not expect a total emigration all at once. Even Gentile pulpits, he said, were taking up the cry, and it was expected that \$10,000,000 would be raised for the work.
