RIDLEY COLLEGE.
Friends Called on to View the Situation at St. Catharines.

To the friends of Ridley College: On Sunday morning, the 25th of October, Ridley College Upper School was totally destroyed by fire. The new school building across the river was fortunately untouched, but the destruction of the upper school deprived the college of its main source of income. The loss has been very great, as the rapid progress of the fire prevented the attempt to save furniture and equipment. Classes were resumed three days after the fire, and temporary premises have been secured, whereby the school can be carried on under one roof until new buildings are erected. The directors hope to begin as soon as plans are perfected. They are now in preparation, and will include the latest improvements in heating, ventilation, drainage, dormitories, class-rooms, and gymnasium. When the buildings are completed, the directors believe that the college will possess well planned and perfectly equipped school buildings.

The proposed new buildings will cost in the neighborhood of \$75,000. The college will have \$23,000 in hand from insurance. Unless the friends of the college come to its assistance, it will be impossible to rebuild at the present time. Between \$50,000 and \$60,000 has hitherto been subscribed by the promoters and friends of the college to the capital stock of the corporation. It is necessary to raise at least \$50,000 to complete and equip first-class buildings for the use of the school. It is proposed to ask the friends of the college to advance this money upon the security of bonds payable over a period of four years, or spread over a period of five years, and being payable at the time of subscription.

The directors believe that there are many friends of Ridley College who will be willing to assist them in the endeavor to recover from the disaster which has befallen it by fire. The splendid work done by the college since its organization fifteen years ago encourages them to hope that the response will be prompt and liberal. It is believed that there are many who are willing to subscribe for these bonds, who cannot be quickly reached by personal appeal, and as a result, to begin building immediately, the directors are anxious to know as soon as possible what funds will be available.

Therefore, take this method of making known the position and needs of the college, and ask its friends and supporters to come without delay to its assistance, that it may again have a home and its equipment which will carry on its work.

ENLARGING "DIAMOND HALL."
Ryrie Bros. Will Make It Second Largest on the Continent.

Ryrie Bros. have just concluded a purchase of the property on West Adelaide-street, immediately in rear of the present premises on the corner of York and Adelaide-streets. The building on this property is at present occupied by the Map and School Supply Company, and is to be vacated by them on Jan. 1, when Ryrie Bros. will thereby own the building, and add it to their present establishment.

This will give them some 10,000 square feet of show-room, exactly doubling their present ground floor space, and is to be utilized largely for the extension of their fine china, art goods and optical departments. The first floor is to be added to their pull order department, which has grown so rapidly during the last few years as to make the increased space a necessity.

The upper floor will be devoted to manufacturing, and will be furnished with the most improved appliances. When completed this will make "Diamond Hall," with perhaps one "New Town Court" larger and more complete than any other establishment on the continent.

REV. MR. BURNS TOOK OVERDOSE
But is Out of Danger—John Rymal Dead at Ripa Age of Eighty-Two.

Hamilton, Nov. 10.—(Special.)—Detective Bleakley went to Orangeville today to interview the young fellow who was taken prisoner at Luther. The officer found his right name was Frank Hallam and that he was a Barnardo boy about 18 years of age. The police are quite satisfied that neither he nor his pal, Harry Shaver, had anything to do with the murder of Constable Bar do with the murder of the city immediate.

The pair left the city immediately after the summer carnival and have not been here since. Hallam admits that he chose A. M. Lewis as chairman, a young farmer named Smith on the Red Hill. They got \$30. He also confesses that they did several other jobs. He claims that when they were in the heart of a big wood near Collingwood Shaver drew a gun and made him give up his share of the spoils, \$47.

WAS CASE FOR POLICEMAN SAID ATTORNEY-GENERAL
Hence He Did Not Move to Prevent Alleged Attempt at Election Corruption.

Three days before the by-election was held at the 803, A. Miscampbell, Conservative candidate in that constituency, wrote a letter to Attorney-General, who was then at Sault Ste. Marie, calling attention to what he believed to be an organized effort to perpetrate election frauds in Michipicott district. He alleged that the steamship Minnie M. was chartered by Liberal candidates to carry 100 persons from the 200s to Michipicott, there to promote voters in behalf of the Liberal candidate.

The Attorney-General, who was then at Sault Ste. Marie, Ontario, on Oct. 24, 1903. The Honorable the Attorney-General of Ontario, now at Sault Ste. Marie, Ont.

Sir, As Conservative candidate of this riding at the by-election now being held, and in regard to which you are here to advocate the claims of your government for further support, I desire to draw your attention to a most daring outrage which is now being attempted by the local Liberal party, the agent of the Reform candidate, who is the manifest design of fraudulently and illegally capturing the election for the Reform party.

I have learned, upon substantial grounds, and upon substantial grounds, I do not state to you that a steamboat is being chartered to carry 100 persons, those working for the Liberal candidate for the purpose of carrying from this riding to Michipicott, there to promote voters in behalf of the Liberal candidate.

Many of his friends are anxious that he should resign his present position, and that he should be replaced by a man who is more capable of doing the work of the office. It is my duty to call your attention to this matter, and to urge upon you to take the necessary steps to prevent this outrage.
