

Dr. McClure's Work in Honan.

Our contribution of \$2,500 for a dwelling house and Hospital for Dr. McClure, has been much appreciated by the Honan missionaries. The house has been erected and its comforts already enjoyed, as the above picture of it shows. Dr. McClure's study is at the near end of the picture. The kitchen is seen extending from the back of the main building; beyond which still further to the right some of the houses of the town are to be seen. The nearest two windows on the verandah are those of the study, then comes a door opening into a hall. After that the next two windows are those of the dining-room, and beyond that the two following belong to the bedroom. The last window and door are those of the nursery.

Mrs. McClure writes: "We have a constant and substantial reminder of the dear friends of Crescent Street Church who have given us our new home. We are enjoying it thoroughly and try to share it with others who come and go. Just now Dr. Margaret Wallace is staying with us a few weeks. She came over from Chang Teh Fu to help Miss McIntosh to nurse Dr. Dow, through typhoid fever. We are glad to say Dr. Dow is getting better. Mr. McGillivray returned two weeks ago and our mission band is now complete. The work is progressing, Christ and His love are being made known among these people. Four women and one man were baptized here two weeks ago, and nine were
