Montreal, Oct. 13.—At the East End Abattoir Market the receipts of live stock were 700 cattle, 300 sheep, 300 lambs and 60 calves; left over from last Thursday, 150 cattle and 125 sheep and lambs. The attendance of local buyers was large. The quality of the stock was better than usual, and as prices were no higher, the market, on the whole, was more active than it has been for some weeks past. Good to choice steers and heifers sold at 3c to 3 1-4e; common to fair, 2c to 2 3-4e;

and inferior, 1 1-2c to 1 3-4c per 1b, live weight. Sheep-Owing to the continued discouraging advices from abroad and the heavy losses made by shippers of sheep of late, the feeling in this market today was weaker and prices declined 15c to 25c per 100 lbs. The of-ferings were small, and suitable stock for the export trade was scarce, buy-ers only being able to pick about 100 head at \$2 50 to \$2 60 per 100 lbs, live weight. On the other hand, the market for lambs was stronger, and prices advanced 1-4c per lb, on account of the scarcity of choice stock, and local buyers in some cases could not fill their wants. The demand was active and sales of choice were made at 3 1-2c per 1b, and in some instances a trifle more was realized. Other sales were made at prices ranging from \$1 50 to \$3 75 each, as to quality.

Calves were well inquired for, and choice sold at \$7 to \$9 each, and commoner stock at \$2 50 to \$5 each. The tone of the ocean freight market is firm, and rates are unchanged at 45s to 50s insured. LONDON AND LIVERPOOL.

London, Oct. 12.-A firmer feeling prevailed in the cattle market, and prices improved 1-4c to 1-2c per 1b, owing to the improved demand, and choice States cattle sold at 11 1-4c, choice Canadians at 10c, Argentines at 9 1-2c, and Canadian sheep at 91-2c. A private cable received from Liverpool quoted choice American steers at 11c. Another private cable received from London quoted choice States cattle at

new comedy, in which the distinguished comedienne, Miss Emily Bancker, and her brilliant company of comic players will appear at the Grand Opera House tonight, was written expressly for her by Harry St. Maur. It is a three-act piece—a dramatization of a story called "An Averted Divorce," adapted from the French of Sardou. The new play has been aptly styled "a continuity of bright dialogue and ingeniously conceived situation." It is perpetually provocative of mirth and excites the risibilities of the most phlegmatic person in the audience.

THE GREAT SEIDL.

His Precocious Genius - His Incomparable Orchestra Coming With Two Brilliant Solois s

Interest grows apace in the forthcoming visit of the renowned Seidl orchestra next Monday evening at London is so favored.

The great Seidl, who was born in Buda-Pesth, played the piano with remarkable expertness at the age of 6, and at 12 was performing in public charitable concerts. He was ambitious for the priesthood, but while at the University of Pesth he began to develop another inclination. His youthful soprano voice was heard in the masses of the college choir; he became the organist of the college, and its singing societies demanded his pianistic talent as accompanist and Are Vou

Canadian reporters. Continuing, the president said it was also charged that he was Americanizing the system, while, as a matter of fact, very few of American officials, considering the large staff, had been

appointed. Later, Sir Charles begged the stockholders to be patient, pointing to pitious, though the horizon, he said,
