BRITISH-CANADIAN TRADE.

of the Board of Trade in the Campbell-Bannerman ministry, recently earned the gratitude of the British public by effecting a settlement of the difficulty between the English railway companies and their employes, is now grappling with matters of imperial impor-Mr. Lloyd-George is desirous that the British people should learn neck by preaching high protection and more concerning trade conditions between Great Britain and Canada. He believes that the trade relations of the mother country and the Dominion are capable of improvement. With that object in view he some time ago appointed Mr. Richard Grigg a commissioner to visit this country. Mr. Grigg, in carrying out instructions, traveled from the Atlantic to the Pacific, and made careful observations in the chief manufacturing centers of this country. His conclusions are embodied in an exhaustive report recently made

Mr. Grigg is impressed with the fact ada and its contiguity to the United ly severe handicaps upon British trade. Burns. Why doesn't he take it in He finds, however, that the preference hand? enjoyed by the mother country, both in goodwill and tariff treatment, is helpful in neutralizing to some extent the United States' geographical advantages, but he is of opinion that it is insufficient of itself to do more than tres, but the commissioner fears that ministrations. that aid may be diminished at any time through the application of the inter-
