

MONDAY MORNING

THE TORONTO WORLD

## NOTE AND COMMENT

"Fair Play" writes from Peterboro: "The wickets are pitched about a dozen yards apart, and it seems certain that if the bowlers cared to send the ball down at any pace the batsmen, handicapped by the artificial light, would be at their mercy. Last week in London the games were between sides composed of Middlesex and Surrey professionals, the former being represented by A. E. Trot, Hendren, T. J. Hearne and Mignon, and the latter by A. Marshall, Davis, Hitch and Gooder. After two innings the batsmen were leading by 11 runs. In the second inning every player was run out with the exception of Trot, who was stumped."

Toronto West End Y.M.C.A. will be represented in what the Hamilton press agent calls the biggest basketball tournament ever attempted in Canada, the only four teams entered, the other three being all London, and Hamilton first and second. Play is on this afternoon and evening. The West Ends are pretty fast, but not the strongest line-up. They are: McMurtry, centre; Farrell and Day, forwards; Bailey and Hamn, defence.

The Brixham Exiles—old members of the football club in that town, now resident in Canada—recently sent home from Hamilton, Ont., a toy teddy bear as a New Year's gift to the club. Teddy is now the adopted mascot of the Brixham footballers, and wears the club colors and the name of the bear is on the back of the jersey. The bear is now the adopted mascot of the Brixham footballers, and wears the club colors and the name of the bear is on the back of the jersey.

Our despatch from Montreal which gives the report of the blacklisting of several athletes at McGill, shows a difficulty that the Canadian Federation has been unable to solve. McGill evidently will not permit her amateurs to mingle profusely with professionals, regardless of the doctrine of the Federation, that aspires to govern athletics everywhere in Canada, especially in Montreal.

Because Tommy Burns whips a man does not mean that he is a no-account. On the other hand he gets something of a reputation. Such is the case with Gunner Mott and Bill Spikes, who have been offered a \$1000 purse to box in London on April 6. Burns knocked out Spikes in the first round, after some very tight exchanges, while Mott lasted ten rounds. Burns has arrived in Ireland and is assisting Jimmie Roche in his training for the forthcoming big contest with Burns in Dublin on March 14.

F. W. French, box 136, Rochester, N.Y., writes: Would you be kind enough to give me a little information in regard to the hockey players of your district? I would like to get in communication with four or five first-class amateur forwards during the spring and summer and get them to come here for the winter of 1908-9. People are getting quite enthusiastic about hockey here and there but no team in the city that amounts to much from a playing standpoint. I have been acting as referee for them and have been asked by the proprietor of one of the rinks here to get a team to represent the rink next season, and while this may seem rather early to start, still I feel that now is the time to get some information, while the playing ability of different parties is fresh in the minds of people who have seen them in action. I would like to get in communication with four or five first-class amateur forwards during the spring and summer and get them to come here for the winter of 1908-9.

Has not The New York Sun a good idea of the way the wind is blowing in a portion of what some are pleased to call the Canadian racing circuit? The Sun says: "The western turf syndicate—Celia, Condon, Madigan, Stuart and others—who have a firm hold on the Fort Erie track near Buffalo and who have planned to spend \$50,000 in improvements preparatory to conducting a meeting of 25 days in the city that amounts to much more from a playing standpoint. I have been acting as referee for them and have been asked by the proprietor of one of the rinks here to get a team to represent the rink next season, and while this may seem rather early to start, still I feel that now is the time to get some information, while the playing ability of different parties is fresh in the minds of people who have seen them in action. I would like to get in communication with four or five first-class amateur forwards during the spring and summer and get them to come here for the winter of 1908-9."

In that event the Fort Erie people would be undoubtedly handicapped while the other tracks which do not usually operate on a large scale would be well satisfied. It is said that the Farmer-Hendrie syndicate, which controls the Windsor track, has headed the opposition to Celia & Co., which means that in due time there will be a full-fledged turf war under way.

Burner and Hendrie formerly owned and controlled the Fort Erie track, which they conducted by syndicate methods. Celia & Co. since getting hold of the plant have announced that many reforms are to be conducted of racing will be inaugurated, among them an open betting ring and a rule prohibiting bookmakers from racing horses. It is a fact that wherever the western crowd has attempted to do business there has been trouble of various kinds, so that the stir over the Fort Erie project is not by any means surprising.

Several of the city's amateur boxers and some new ones will appear at the Don Rowing Club big smoker next Friday night in Labor Temple. On the list are H. Lang, Holt, Traylor, Banks, N. Lang, Lovett, Foster, Balley, Johnson and Pat Johnson. The Don Rowing Club is in the 125 and 106-lb. classes in the city's amateur boxing program some good singing and dancing sure.

## East All-Stars the Winners

## East Stars Proved the Best Able to Score in All West

## Shamrocks Win From Quebec and Are Now in Third Place—Ottawa Trims Montreal 14 to 6.

The East Junior All-Stars proved better mud-horses than the West at a game Saturday night, winning a game that furnished good hockey throat, by a score of 6 to 2. The East were always in the lead, being ahead at the half 2-1. The victory was unlooked for, especially in the early moments of play, when it was the West, who were the faster skaters, and what's more, had a faster, better combination; but while the West would have played havoc on the East, the East were the better skaters, and as before stated, the West broke away only to lose the puck either to Diessette or Kyle, or else find the spot their chance, turning aside the shot, and there were not a few of them. Indeed, his work was one of the features of the game.

The West looked like early winners, forcing the play right at the start, but the East defence held them safe, and the forwards, taking advantage of Preston's absence, scored the first goal, 22 minutes. McGilliff tripped the West, and the East scored the second goal, 22 minutes. McGilliff tripped the West, and the East scored the second goal, 22 minutes. McGilliff tripped the West, and the East scored the second goal, 22 minutes.

The game was a very close one, the East leading 2-1 at the half, and 3-1 at the end of the second half, and were finally rewarded, but not before they had suffered a severe punishment. The East scored the third goal, 22 minutes. McGilliff tripped the West, and the East scored the second goal, 22 minutes.

Much credit is due Secretary Hewitt of the O.H.A. in the selection of the team, and also the referee, who was up to the mark in the play, the West having, if anything, a better chance of winning. The game was a very close one, the East leading 2-1 at the half, and 3-1 at the end of the second half, and were finally rewarded, but not before they had suffered a severe punishment.

## Gossip of the Turf

## Racing Dates Clash Montreal, Fort Erie and Hamilton May Run Simultaneous Meetings.

Those owners down at the Woodbine and along the Kingston-road who have been snowed in for months, got the family almanac from behind the kitchen clock yesterday and tried to get their bearings. They had learned that the meeting of the New Niagara Jockey Club, to be held at Fort Erie, might be broken up into two meetings—spring and autumn and this is what put them in the fog.

The average Canadian owner has a hard time making his business pay, for racing at the best is a rich man's game, and the small fellows have had to struggle hard and keep busy every day of the short season in these parts. For several months in England and has done a lot of road and gymnasium work during the past week, with occasional sparring. He will leave for Dublin on March 15.

In answer to a later cablegram from the British, as expressed a willingness to meet Johnson in America in a finish fight.

## ATHLETICS IN PARIS.

## French Soccer Players Show Form—Erne Wins Decision.

PARIS, March 7.—Another international football match was played this week, when the British team beat the French combination rather easily, but the British captain said the French had so much improved that he expected a big French victory soon. Anglo-Saxon sports of all kinds are extremely popular in France, and almost Renaissance in athletics.

The cup contests are a feature of football sports in France, and are the most popular, and these are rowing and boating. French athletes are very quick to learn, and the French are very quick to learn, and the French are very quick to learn.

Erne says: "I never explain, whether I win or lose, but let the public do the talking." The fact is, however, Erne is a very clever man, and he has been in the game for a long time, and he has been in the game for a long time.

The owners of the Rosedale Athletic Field have come forward with a graceful offer to the Provincial Olympic Committee for the free use of their property for candidates who care to train for the trials. The committee is waiting the reply to the meeting on Saturday at the city hall, when matters pertaining to Canada's participation in the Olympic games will be discussed.

Just to add to their troubles, they would have to remain idle from the close of the season, which was read at the hearing of the committee. ## In Fight to a Finish Burns' Offer to Johnson

## Champion Goes to Dublin Next Sunday for Battle With Jim Roche.

LONDON, March 7.—After the news had been cabled to America that the fight for the proposed fight between Tommy Burns and Jack Johnson had been withdrawn, Kelly, the representative of the syndicate which put up the purse, received the following despatch from Sam Fitzpatrick, Johnson's manager, in New York:

"Accept if you allow \$1000 expenses and agree to post \$500 here. Kelly replied: 'Syndicate disgusted with Johnson, can't do anything with him. Johnson knew terms.'"

Burns is training hard for his contest with Jim Roche, which takes place at Dublin on St. Patrick's Day. Burns takes a more serious view of this match than any of his previous matches in England and has done a lot of road and gymnasium work during the past week, with occasional sparring. He will leave for Dublin on March 15.
