Buffalo, June 21.—Bert Maxim, an inspector in an automobile plant, was killed by his wife here this aftermon as he slept. His little son discovered the crime on his return from school this afternoon. Neighbors responding to the alarm found the wife's body hanging to a rafter in the cellar.

The child says his parents had quarreled much about unpaid household bills. On the husband's return from work this morning, the quarrel was renewed, and he went out and paid several bills before he sought his bed. It is presumed the wife attacked him after he was asleep. London. Mr. Mac-namara replied that there was not the slightest foundation for the sugges-tion on which the question was basel,

A brief cable Wednesday stated that no Canadian troops had been lost from the Olympic, but said nothing concerning the steamer itself. Yesterday a statement was given out at Ottawa to the effect that there was nothing to give rise to the belief that the Olympic had been torpedoed.
