A PLATE YOU CAN EAT WITH, HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPEL ATTACHMENT.

People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawer so they will know where to find them when the door bell rings, they want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try us; we have satisfied thousands and why not you? Our teeth are so natural in size, shape, color and the expression they afford to the features as to defy detection EVEN BY A DENTIST unless closely examined.

Our new attachment holds them as solid almost as though they were created in the mouth.

FINE LIST OF ENTRIES FOR THE ICE SPORTS TOMORROW

Fred Logan, Milton Belyea, "Happy" Evans and a Host of Lesser Lights Will Come Together in the Championship Events—Looks Like a Big Night's Sport.

From the following list of entries it will be seen that the Marathon sports tomorrow evening in the Victoria rink will be a notable event in the skating history of this city. The main interest is the championship race of which there is so much talk, and the rivalry existing between Logan, Belyea and Evans, is calculated to make this race the best seen here for years.

These three skaters, it is said will start without fail, and each will try to lift the splendid silver cup.

The relay team at night, yet complete, but will be before long, and the new event, the anawhohe race, will have abundant entries.

All of the following starters are entered in the 200 yards, 440 yards, 880 yards and 1 mile flat races.

H. Evans, E. Wright, W. Riley, H. Belyea, L. Coleman, A. Logan, C. Ramsey, A. Chestnut, M. Bell, Robt. Belyea, C. Campbell, Fred. Logan, J. Harrington, A. Tracey, G. Conley, H. McLeod, D. Longley, W. Garnett, W. Shillington, M. Cullinan, W. Conley.

LATE LOCALS

West India steamship Oruro sailed this morning for Halifax and the West Indies with a general cargo.

The regular monthly meeting of the Associated Charities will be held tomorrow afternoon at 4 o'clock.

Furness line steamship Tobacco, now on her way to London from this port, will on Saturday, take away a cargo valued at \$20,128. Among her cargo is 7800 bushels wheat.

Rev. Giden Swin, pastor of Waterloo street Baptist church, returned to the city yesterday after participating in the nineteenth anniversary service of the Cornwall, Kings County, Baptist church.

A meeting will be held in the Peoples' Mission Hall, Waterloo street, on Friday, Feb. 12, at 8 p. m., to consider the continuance of a Gospel Mission or dispensary of the property. The attendance of all those interested kindly solicited.

John Hobe, while at work in the hold of the Black Diamond liner Aucama, yesterday, shovelling coal, was struck on the leg with a coal bucket and injured. He was taken to the General Public Hospital, where it was found a ligament was injured.

Four rinks of Carleton curlers will leave tomorrow morning to play matches in Moncton, Sackville and Amherst. On Saturday representatives of the club will journey to Hamilton and next evening curlers from St. Stephen will be here to play in west end.

Members of York L. O. No. 8, are considering the formation of a mutual circle in connection with the lodge. It is probable that an effort will be made to form a bowling league, in which other lodges may be represented. The plan has already met with much favor among the younger members of the order, and a meeting will be held soon to consider it.

The vestry and corporation of St. Jude's church, west end, will hold a reunion for the men of the parish in the school room on Wednesday evening next. The last reunion which was held in December, was a pronounced success. There will be an entertainment programme and refreshments. It is possible that these reunions will become a regular and very enjoyable feature of the church work among men.

Instrumental and vocal music, readings, step-dancing and character sketches will be features of the great programme at the dime concert in the Every Day Club for the benefit of the band, this evening. Among those who will take part will be Hugh Campbell, Ramsey, Moore, Macey, Leaman, White, Washburn, Burt, Williams, Freeze, Shelley, Mitchell, Oram, Orr, Miss Walker and others, including members of the band.

A morning paper mentioned H. H. Schofield and R. T. Hayes, aldermanic positions in Victoria ward in succession to Ald. H. H. Pickett, who will retire this year. Mr. Hayes was not in the city to-day but his friends are very doubtful if he will run. As for Mr. Schofield, that gentleman said this morning there was no warrant for the use of his name in this connection, as he has no intention of entering the civic arena.

BUSINESS EXPANSION

Brock & Paterson Have Secured Rooms in Climo Building and Will Enlarge Their Premises.

When the wholesale millinery and dry goods firm of Brock & Paterson remodelled and enlarged their premises after the fire two or three years ago they believed they had ample space for a long time, but a further enlargement is necessary. On May 1st they will take over four more large rooms in the Climo building, where their trimmed hat department is now located, and will thus add materially to their floor space. These rooms are now occupied by several tenants.

Brock & Paterson have also a large branch in a very fine building in Halifax, where they opened business since the enlargement of their premises here. Their record is another illustration of the advantages possessed by St. John as a centre for the development of a wholesale and general distributing trade.

ACTIVITY IN THE EVERY DAY CLUB

At the meeting of the Every Day Club last evening quite a number of new members joined. The problem of finding work for steady men who need it was discussed and it was suggested that if citizens who need a man or men for even a day's work would communicate with the secretary, J. Wendell McCall, a day in advance, the need could be supplied. It was decided to secure the services of a speaker for Friday evening. We give a half hour's talk on subjects of interest to men. The rooms are filled with men every evening, and the number of those who take an active personal interest as members of the club is increasing. It is expected that on Friday evening next there will be an interesting presentation to A. W. Covey, as a result of last season's athletic contests on the club's grounds.

TO FORM A GLEE CLUB

A departure of interest in Masonic circles in St. John is the proposed organization of a glee club in connection with the Carleton Union Masonic lodge, and the Masonic club in west end. There is excellent material in the lodge for such a club, and there is no doubt that its organization will add greatly to the pleasure of the lodge meetings and entertainments. An organization meeting will be held this evening in the rooms of the Masonic club, west end, when refreshments will be served and a brief programme enjoyed.

DRIVING ACCIDENTS

A horse belonging to John Weatherhead took fright on the Marsh Road yesterday afternoon, and, rearing itself from the sleigh, and with shafts dangling, it ran as far as Brussels street, where it was caught by A. E. Hamilton.

While James Barber was driving along Mill street yesterday the runner of the sleigh caught in the car track and Mr. Barber was thrown. The horse ran to the head of King street, where he was captured.

TONIGHT'S HOCKEY GAME

The Windsor-All St. John hockey game tonight is going to be a lively one. The boys from Nova Scotia had a good rest last night, and say that now they are used to the rink they are going to win. It is expected a large crowd will turn out to see the game.

Having outgrown their premises in the Pugsley Building, No. 78 Prince William street, near the corner of Church, Lockhart & Ritchie, the enterprising insurance firm, is now pleasantly and contentedly located in the other Pugsley Building, at the corner of Princess street and Prince William, in the office at one time used by the D. A. R. as an express headquarters. These business apartments are bright and roomy, affording every facility for a still further expansion of Messrs. Lockhart & Ritchie's thriving business, which already embraces all the leading insurances—fire, accident, life, health, boiler, liability, plate glass, etc.—or a representation of no less than eight strong companies.

This, however, will be definitely settled at a meeting of St. George's Society to be held tonight. The usual church parade will be held on April 23.

William Whitebone, who was challenged to skate by the skating champion of Woodstock at the sports tomorrow evening, is unable to accept owing to illness, but O. Wilson, of Adelaide street, announces that he is willing to take Whitebone's place and will meet the ambitious Carleton county skater at any distance the latter may designate.

Blenders and Packers of Tiger India-Ceylon Teas.

DEAR SIR,—Our choice at home of Tiger Tea is grade X, at 35c. per lb. Is it true that the tiny dried, whitish buds in Tiger Tea give it that fine delicate flavor? We used to drink China Tea years ago, but prefer the Tiger 1-lb. packets, as it looks clever, and because Tiger Teas are prepared and packed by machinery instead of by the nasty, sweaty hand-treatment as in China. The pretty blue and white label is enough to make one wish to taste a cup of Tiger Tea. The tiger paws on the label show how strong the Tiger Tea is.

I am very glad to send you this letter about Tiger Tea, and if you wish I will send you a sketch of a tiger which would perhaps be better than the tiger on your label. The rich cherry color of Tiger Tea, pleases everyone, and I hope that you will always keep the quality of it as good as it is now. I enclose the 12 cards required, and tell you truly this is my own handwriting.

Every Canadian should buy a 1 lb. packet of Tiger Tea, for, besides the good quality, we know that the work of blending, labelling, boxing, packing, etc., is all done by Canadians in St. John.

My age is..... my last school teacher was.....

Hoping that this letter will win a Tiger Tea prize,
I am respectfully yours,

W. F. HATHEWAY CO., LTD.
