The programme includes Dolly, Bennett and Young, classy singers, dancers and instrumentalists; Moore and St. Clair, in a comedy novelty skit, "Along a Country Lane"; Wilcox, Goode and Hale, comedy singing, talking and pianoforte offering; Honey Johnson, blackface comedian with one thousand stories and every one a real laugh.

### WILL CANADA'S MILITIA ACT BE ENFORCED IF NEW CALL FAILS?

Government Has Almost Unlimited Power in Matter of Calling Out Able-Bodied Men of Country for Its Defence—Militia May Be Sent Overseas

(Toronto Star Weekly.) If the attempt to raise 50,000 volunteers for the Canadian militia to release an equal number of soldiers for overseas service fails, there is no recourse but for the government to enforce the Militia Act. In fact, the government is optimistic as to the good intentions of the government, it is proposed that the Militia Act be enforced as a necessary prelude to the enforcement of the Militia Act.

Just what is the Militia Act which W. Rowell and others less prominent politically have been calling upon the government to put into effect?

That the militia of Canada may be sent overseas at the will of the governor-general-in-council, contrary to the belief of many, is clearly set forth in section 69, chapter 41, of the Militia and Defense Act of Canada.

In the first place, section 10 of the

### FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

### YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-dick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, fail of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and our little gently moves out of its little bowels without griping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they really love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a fifty-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

### ECZEMA ON FACE Was So Bad Had to Stay in House

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors but got so tired of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me so I kept on taking it. Now I am cured and have a lovely skin."

"People who used to see me when I was so bad and see me now will not believe it, but I always tell them that it is made by Burdock Blood Bitters."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### MANY INSTRUMENTS COMBINED IN MOVIE ORGAN

The special musical needs of the motion picture theatres have been largely responsible for the development of an instrument, made in California, which, under the direction of a single operator, can produce the soft tones of a piano, or a symphony orchestra or it can be changed instantly to give forth the crashing harmony of a brass band. The instrument is a combination of a player piano, a pressure reel organ, and pipes producing the effect of an orchestra, and has in addition a large number of special attachments.

It is operated electrically, uses ordinary 88-note roll music, and is equipped with a patented device whereby the operator can shift instantly from one musical roll to another. If preferred, the piano or organ can be played alone, manually or mechanically, or as many of the orchestral and band attachments can be introduced as desired. A skilled operator can produce music having no suggestion of mechanical playing, and by putting and adjusting certain cords, which terminate above the keyboard, he can introduce at will such features as the sound of horses' hoofs, cow bells, rattles and the whistle of a bird, and the like.—From the April Popular Mechanics Magazine.

### Well Known Farmer Gives His Evidence

Says Dodd's Kidney Pills Cured Him of Gravel

Mr. William Wood of Hadlington, Ont., is Added to the List of Gravel Sufferers Cured by Dodd's Kidney Pills.

Hadlington, Ont., April 6.—(Special.)—Mr. William Wood, a well-known farmer living near here, is shouting the praises of Dodd's Kidney Pills. He claims they cured him of two of the most painful and dangerous forms of kidney trouble, bladder trouble and gravel.

"Yes, I was troubled with gravel and bladder trouble," Mr. Wood said, when asked about his cure. "But since I took four boxes of Dodd's Kidney Pills my troubles are gone. I also had heart flutterings and shortness of breath. There were flashes of lights and specks before my eyes and I was very nervous. All these troubles have gone, too, since I used Dodd's Kidney Pills."

Others in this neighborhood have used Dodd's Kidney Pills and found that they are the greatest of all remedies for kidney troubles of any kind. Dodd's Kidney Pills cure kidney trouble, bladder trouble, gravel, rheumatism, lumbago, dropsy, diabetes and Bright's disease. It is that all of these diseases are caused by sick kidneys.

### DOOM OF THE DUG OUTS.

Whatever else our trench raids may have accomplished, they appear to have sounded the doom of the German dug-outs. All accounts agree that the enemy are finding these elaborate subterranean cellars, veritable castles, more and more difficult to reach. In the case of a successful trench raid there is often no escape except by surrender. What happens, says the London correspondent of the Liverpool Courier, was graphically illustrated by the instruction I heard a sergeant giving to a bombing party that was going to hit the enemy's line of trench. "If they don't come out of the dug-out, fling a bomb in amongst them," he said. "And when you hear them scurrying away with another one. Then there ought to be silence, but it's just as well to give them a third to make sure."

### Why Giants Are Picked To Win

Impesing Batting Order is Made Up of Hard and Timely Hitters

New York, April 2.—It is seldom in major league baseball that such unanimity of opinion as to the eventual winner exists in the case of the National League as this season. North and South and east and west the critics are picking the New York Giants to win the flag.

This being the situation, there are several angles which are worthy of notice. In any branch of sports, as a general rule, it is the champion who is the favorite before the battle begins. Yet when it comes to figuring the winner in sport, the organization the championship Brooklyn team with its fine pitching staff and its heavy hitting ability hardly is considered.

McGraw's men to win in a walk. The fans of other cities are beset by the gnawing fear that the Giants never will be headed. It certainly is true that the Little Napoleon has put together a formidable machine.

The main thing that the enthusiasts remember about McGraw's club of last year is that during the early part of the season it won seventeen games in succession away from home and that it was the end of the season. It won twenty-six consecutive games before undergoing a defeat.

The team that won the twenty-six games was not the same team that won the seventeen. Hoelke was at first instead of Merkle, Herzog at second in place of Doyle, Zimmerman replaced McKenzie at third, and Sallee had been added to the pitching and McCarty to the catching staff. It was largely a freshly built team which swept through every team in the National League and broke existing records for consecutive victories. It is the same team which is the batter in the National League.

A great team it is. Many good judges have called it the greatest ever gathered together. It certainly offers an imposing batting order for any pitcher to face.

Leading off is George Burns, who, if he had a little more aggressiveness, would be even more widely recognized for the great outfielder that he is. A good waterer, a dangerous hitter and a fast runner, he scored more runs last year than any man in his league.

Next at bat comes Charley Herzog, the most valuable infielder in baseball. Herzog is a player who has made a real study of the game. He knows the batters and their weaknesses, and there is no better man to encourage, advise or steady a pitcher. He is of the aggressive, hustling type, fights for every advantage, is a hard loser, and a great man to keep his comrades strung up to concert their play. Herzog, while he batted only 264 last season, he is one of the few men who can be depended upon to hit to right field with a man on base, or, as the ball players put it, hit behind the runner.

Then comes Dave Robertson, called by many the Tey Cobb of the National League. Robertson probably is the fastest man in the country in getting to first. He is a 300 hitter, and more than that, he is a clean-up hitter. He may not be the best judge of a fly ball in the world, but his tremendous speed enables him to cover an immense amount of territory.

After Robertson, comes the one and only Heinie Zimmerman. Zim is another slugger, a good base runner, and one of the most graceful players in the game. He has been called a slow thinker, but he showed few evidences of it with the Giants last year, and he makes plays that few other third basemen can make.

Fletcher has long won his place as a truly great shortstop. There is no man who can go deeper for a ball and get an opponent at first. He and Herzog work perfectly together around second base. He hit 286 last season, and he is one of those batters who is dangerous in a pinch.

Benny Kauff is one of the picturesque figures of the game. He did not lead the National League in batting last season, and probably will not lead it this year, but for all that he is a wicked free-swinging hitter, and is apt to be a much-improved ball player after his last year's experience. He, like his brother outfielders, has a fine throwing arm.

Walter Hoelke was one of last season's sensations. In 111 times at bat he compiled an average of .261, leading the league in hitting. He is fast, a fine slider, and should this year become a polished ball player. While he may not hit as well as he did last year, he is a natural.

This outside of the batteries, is McGraw's regular line, and it is hard to pick a weakness in it. Behind the bat he has McCarty, who hit .329 in eighty games last year, and tied for the league lead in fielding. He also has Rariden, the veteran Gibson, and Koscher, a fine substitute.

### HURRYING DOCTORS FOR SERVICE IN WAR

U. S. College of Physicians and Surgeons to Graduate Class Ahead of Time

New York, April 7.—Following news made public that Columbia University proposed to erect a great emergency hospital on Columbia Oval in the Bronx came the announcement that the College of Physicians and Surgeons of Columbia would graduate its senior class in January next instead of May. Dr. Samuel W. Lambert, dean of the college, said the move was part of the university's programme of co-operation with the government.

"The trustees decided and I was officially notified," Dr. Lambert said, "that the College of Physicians and Surgeons would be kept open all summer so that the class which would ordinarily graduate in May might be pushed to graduation next January. This means that more than 100 young doctors with excellent training will be relieved at the beginning of next year for hospital or field work."

It was at the suggestion of Dr. Lambert that the decision of the trustees was made.

A tramp asked a Pittsfield woman for a lunch, and a shirt the other day. She was thanked heartily for the lunch, but the shirt she offered him was declined because it had a stiff bosom.

### ONE SUNDAY EDITION EATS 15 ACRES OF FOREST

In an address delivered at Vancouver before the first meeting of the Canadian (Pacific) branch of the British Society of Chemical Industry, Dr. R. H. Clark, M. A., Ph. D., of the University of British Columbia, made the following reference to the forest wealth of British Columbia:

"Lumbering is our third greatest industry. The United States forest service has estimated that in from twenty to thirty years their forests will be depleted. In Canada and the United States we use 500 feet per capita per annum against sixty feet per capita in Europe. A single issue of a New York newspaper's Sunday edition requires fifteen acres of forest."

The waste of our timber resources is due to fire, careless logging, wasteful mill by the same barber, Oscar Perry, for operations, and over-production. In all, fifty years.
