BIBLE SOCIETY WORK
Meeting Last Evening in Carleton—Addresses by Rev. H. R. Boyer, and H. Miller of Korea

A meeting of the British and Foreign Bible Society branch was held last evening in St. George's church in West St. John. Rev. W. J. Morison presided, Rev. Dr. J. A. Morrison officiated at scripture reading, and Rev. G. F. Scovill led in prayer.

Rev. H. R. Boyer, secretary of the society for the maritime provinces and Newfoundland, delivered an address on the work. He said that a larger number of copies of the Scriptures had been circulated in the province this year than in any other period. There were in Canada at present a staff of seventy distributing Scriptures, and more than 400,000 copies were circulated last year. Throughout the world the society had distributed 11,000,000. Since the beginning of the war, 5,000,000 were given free to soldiers, sailors and those engaged in hospital relief work. He expressed appreciation for the hearty co-operation of the clergymen and laity of this city in Bible society work and for financial aid rendered.

Hugh Miller, superintendent of Bible society work in Korea, delivered an interesting address on "the transformation of Korea." His discourse dealt with the romance, revolution and revival of Korea, which had followed as a result of the annexation of that country by Japan in 1908. One of the evidences of this improvement was to be found in the agricultural development of the country. Experimental stations had been established in the peninsula, with the result that in six years the rice crop, which had been increased by 21,000,000 bushels, barley 8,500,000 bushels, wheat 2,500,000 bushels, soy beans 250,000 bushels. The total values of these increases represented \$150,000,000, or one hundred per cent. increase in the first year of the new regime.

Another interesting fact mentioned was the practical attempt on the part of the new regime in reforesting the island with a result that during the same period no fewer than 700,000 acres of land had been planted with trees, which would eventually clothe the barren hills of Korea with as beautiful landscape as that already possessed by Japan.

He said that the general diffusion of the Bible was a most effective way to civilize and humanize the inhabitants. He told of the transformation going on in that land and quoted Prince Ito, the first resident general, as saying that it was much easier for him to introduce government reforms because the missionary had been in the country. Mr. Miller is touring Canada giving addresses. He will leave for Montreal this evening.

N. B. WOMEN'S INSTITUTES

Annual Session Opened Here This Morning

SOME 225 PRESENT

Miss Hazel E. Winter, Supervisor, Reviews the Work of the Year—Thrift in the Homes is Urged

The fourth annual convention of the New Brunswick Institutes was opened in the Germain street Baptist institute this morning with Miss Hazel E. Winter presiding. Registration was the first business and there were upwards of 225 names placed on the list, representing institutes all over the province.

Miss Winter introduced J. B. Daggert, agricultural secretary of the province, who gave an address. He heartily commended the work of Miss Winter during the year. The work of the Women's Institute, he said, was for human beings—little children, the feeding of families, the avoidance of waste in homes, housework systematically arranged, furnishing the homes, all of which pertained and intended to develop a higher standard for community life. She urged co-operative spirit with the Farmers' Institute. By it could be developed a rural social advancement, which would invite town improvement, social leagues, board of health, etc.

The work done during the last year brought forth the congratulations of the supervisor. The amount collected for material for soldiers in hospitals was \$4,189.47. There was still on hand some \$200 for patriotic purposes. Miss Winter said that the work of the institute was confined to the main object as most of the members, if not all, were members of some active patriotic society.

During the year seven new branches were opened and 200 members added to the list. The total number of paid members are 2,838; the number of regular meetings held 861; the total attendance at all meetings reached 12,975 and the number of papers read and delivered was 626.

Miss Winter touched upon the high cost of living and strongly urged thrift in the homes. She referred to the women's part in the building of the Empire, in the conclusion she said all should "always do what we can for home and country."

The meeting of the various branch reports commenced this morning and all were cheery and progressive.

This afternoon the delegates attended the meeting of various branch reports commenced this morning and all were cheery and progressive.

BOY HAS CLOSE CALL

Nine Year Old Harold Higgins Falls Overboard at Indiantown

Harold Higgins, nine-year-old son of Reuben Higgins of Main street, narrowly escaped drowning this morning while playing at the foot of Indiantown. He was endeavoring to move a log, which was floating a short distance from the wharf, and while passing from the tug to the wharf fell in. George Ewing, bookkeeper for D. D. Glasier & Son, heard the boy's cry and rushed to the wharf. He was in time to see him struggling to the surface and as he started to sink for the second time Mr. Ewing climbed down the facing of the wharf and happened along and assisted Mr. Ewing to lift the boy to a place of safety. He was almost unconscious when landed on the wharf, but was soon able to walk to his home.

JUDGMENT HERE IN FREDERICTON CASE

An important judgment was delivered by Chief Justice McLeod today in the case of John Palmer Company, Limited, vs. Palmer-McLeod Shoe Pack Company, Limited. His Honor deciding against the defendant company. This case was tried in Fredericton some time ago, and judgment was delivered here. An order was made that the defendant company be restrained from using the name "Palmer" as a trade mark or part of trade mark upon any of its shoe packs, moccasins, larrigans, or other oiled tanned footwear similar to those manufactured by the plaintiff company, and from publishing or advertising any statements alleging that the defendants are the exclusive owners of the processes of manufacture formerly owned by John Palmer, and from advertising their goods in any way as "Palmer's Shoe Packs" or "Palmer's Make of Goods." Leave was reserved to either party to apply for further directions. The defendants were ordered to pay costs.

At the trial, M. G. Teed, K.C., appeared for the plaintiff, and Peter J. Hughes for the defendant.

THE POLICE

"Inspector Wickham has severed his connections with the local forces," said Chief Simpson this morning. The chief clearly said this morning that he did not get the inspector's resignation a week ago, it reached him only yesterday.

Relative to a question as to who would be the next man for the position, the chief said he had not given it a thought yet.

Acting-Inspector Caples has been assisting in that capacity for some months and has done good work, although receiving only sergeant's pay. His friends are urging his claims to the position.
