ADVENTURES OF THE TWINS

By Olive Roberts Barton

A BOW-WOW RIDDLE

And he stands up and begs.

Nancy and Nick were certainly having a fine time in Riddle Land. Not only did they like the Riddle Lady with her merry smile, and also the people, from Humpty Dumpty to the Tattered Man, but they loved to guess the riddles!

They hoped the Fairy Queen would let them stay for a while—that is, as long as there were any riddles to guess.

They ran to meet the Riddle Lady next day when she came. "What is it about this time?" begged Nancy.

The Riddle Lady laughed. "It's about a queer creature," she said. "The queerest creature you ever heard of. What is it?"

"A leg on each one of his corners, And whiskers each side of his nose, And a nice little tail That sticks up like a sail, And follows wherever he goes."

"His nose is the funniest ever! It's black and it's cold and it's wet. If it's dry and it's hot,

They all say GLOVER'S does the Business

—but they mean Glover's Imperial Mangle Medicine. For 35 years Glover's has been relieving countless sufferers and curing hair to grow. Naturally, it has been making hair to grow. But he is not deceived. Look for the Glover's logo on all good drug stores. Ask for it today. Use exactly as directed. Soon the unsightly hair will disappear, your hair will stop falling out and begin to grow. Inset upon the container.

Like a big gold balloon—Spose he thinks, like the mouse, it's cheese.

"Now what is this queer little creature whose barks are much worse than his bites?"

He likes every one, But he must have his fun—Why, he's only in fun when he fights."

"I guess I know the answer to that," said Old Mother Hubbard quickly. "And please don't interrupt me any more. It is a dog. Who should know better than I. Come here, Prince, and speak for the lady."

"Bow, wow, wow!" went Prince, to everybody's delight. "You shall have the prize, doggie," declared the Riddle Lady. "Mister Butcher, please send two pounds of bones and two pounds of meat around to Mother Hubbard's house at once." (To Be Continued)

HEALED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely healed me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete relief without operation. If you write to me, Eugene M. Pullen, Carpenter, 2838 MacArthur Avenue, Manhattan, N. Y., I will send you this notice and show it to any other who is ruptured, and you may find a life or at least stop the misery of rupture and the worry and danger of an operation.

WIN MASQUERADE PRIZES.

The masquerade ball in Prentice Boys' Hall, Guilford street, West St. John, last night was a great success. There was a fine variety of costumes and much originality was shown in their selection. The prizes were won as follows: Gentlemen's, first, William Gerry, as a Sheik; second, William Thompson, as a Hobo; ladies, first, Miss Emma Sparks as the girl that men forget; second, Miss McMurray, as Boob McNutt. The judges were Mr. and Mrs. Avard Duffy.

HAVE SKATING PARTY.

The Sunday School class of the Ludlow street Baptist church, taught by Miss Mae Robbins, had a skating party on Hilton Bay's rink Tuesday evening and afterwards did full justice to a clam chowder supper.

HEADS TEACHERS OF SUNDAY SCHOOLS

H. Usher Miller was elected president of the St. John Deary Sunday School Teachers' Association annual meeting Tuesday night in the new auditorium of the Church of England Institute with Rev. Canon R. A. Armstrong, retiring president, in the chair. The other officers elected were as follows: Vice-presidents, Geoffrey Stead and Miss Grace Estey; secretary-treasurer, Miss Winnifred Upham; church representatives, St. John's, Miss Katie Bates; St. Mary's, Mrs. Harry Coleman; St. Paul's, Mrs. J. H. Barber; St. Luke's, Leonard Lingley; St. James, Miss Violet Gregory; Mission church, Rowland Frith; St. Jude's, Mrs. McLellan; Good shepherd, Mrs. Charles Hill; St. George's, Mrs. Fred Belyea and Trinity, Miss Idolina.

A paper written in 1888 by Miss Frances Murray for the Deary Sunday School Association was read by Archdeacon Crowfoot. Its title was "Defective manners of Sunday School Teachers." F. T. Short, superintendent of St. Paul's Sunday school led the discussion of the paper and others related incidents in Miss Murray's life and referred to the influence for good she had exerted.

POWER COMPANY MAY EXTEND LINES

Consider Going After Business in the Fair Vale District

The New Brunswick Power Company is considering the extension of its electric light lines beyond Rouses Point into the district between Rouses Point and the Fair Vale district. On February hydro rates in the Fair Vale district were increased substantially on the basis of \$1.00 a month service charge and six cents per k.w.h. for the first 20 kilowatt hours and three cents per k.w.h. for the current used after that.

The rate proposed by the New Brunswick Power Company is \$1.00 for the first 11 kilowatt hours and seven cents per k.w.h. after that amount. It is not stated what encouragement the Power Company is receiving from the

present users of light or whether the prospects will be sufficient to make another distribution line a probability, but the fact that an extension of their lines further into Kings county is under consideration is interesting of itself.

Tobacco was first introduced into Europe in 1558 by Francisco Fernandez, a physician.

A keyless automobile lock has been invented, which works with a combination of ten numbers.

Your Health

BY DR. CLIFFORD C. ROBINSON

FOOD COST. There is no more important relation among the many conditions and items which make for a health, strong body than proper food and proper eating habits. When the right kinds of food are supplied to the body and digestive processes are normal in their functioning, all the various elements and chemical combinations which make up the body perform their activities naturally and the energy and strength necessary for robust health are produced.

But there is such a vast difference in the quality and quantity of food, according to the state of poverty or riches in which a family or individual is situated, that health is often a mere matter of money.

The average individual must take the proper amount of proteins, fats and carbohydrates as daily food in order to have a healthy growth and renewal. If excessive amounts of any of the three classes are taken, or if the three classes are taken, or if the amount of one is deficient, it will not be long before the health will be injured and bodily resistance lowered. But only a certain part of our vast population choose their food wisely or well. I am not so sure but that the poorer classes might be far healthier than their more fortunate brothers if the knowledge of how to purchase the right kind of food could be given them.

No matter how poor one may be, it is unwise to save in food expenditure at the expense of health. What food for a family of five should cost a week may be averaged according to the family income. The amount in many schedules that different cities and cities bodies have given out varies from \$8.26 to \$12.86. The cost of foods is one

W. M. S. MEETS. The crusade meeting of the W. M. S. of the Waterloo street Baptist church, was held last night in the church auditorium with Mrs. Thomas Robinson, president, in the chair, and a good attendance of members and friends. Mrs. George Parker read a paper entitled "The New Canadian." A quartette selection by Mrs. Fred Potter, Mrs. S. Gregg, John Mott and Eugene Mott was greatly enjoyed. Three new members were welcomed.

E. BOUTHILLIER

Popular Montreal Man Now Eats Meat

Gains Ten Pounds and Feels Fine Because Drecto Has Put His Digestive Organs in Sound, Healthy Working Order.

Mr. H. Bouthillier, of 276 Bleury Street, has a wide acquaintance in the City of Montreal, where he has practised his profession for many years. He has had many conversations with his clients in the course of his career, but none more profitable than those which resulted in his taking Drecto. It was recommended to him by men who had evidently experienced its remarkable powers and Mr. Bouthillier is only too anxious to pass the good word along.

"Drecto has put me back on my feet," he says. "Ever since my return from overseas I have suffered greatly with my stomach. It was weak and touchy and I would hardly digest anything. Today, thanks to Drecto, which was highly recommended by people coming into the shop, I am able to eat and digest it properly. Drecto has done me so much good that I have gained ten pounds in weight and what is more remarkable, I have only taken two bottles of it."

Why suffer the miseries of faulty digestion when this splendid remedy, Drecto, is within easy reach? Let its wonderful corrective and tonic properties restore your digestive organs as it has those of so many others. Drecto is a purely herbal preparation and contains no mercury, potash or habit-forming drugs.

Drecto is being specially introduced in St. John by Ross Drug Co., 100 King Street; Moore's Drug Store, 105 Prince Edward Street; F. W. Munroe, 357 Main Street, and in West St. John by Watson R. Dunlop. It is also sold in Fairville by T. H. Wilson and by a good druggist everywhere.
