

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.

A High School Match.
In the high school inter-class game rolled on the Y. M. C. A. alleys yesterday afternoon, the Hawks, from Mr. Bennett's room, captured three points from a picked team from Mr. Patterson's room. Lawlor's score of 102 was the highest of the match. The members of the team were as follows: Hawks—Lawlor, Hawkins, Corbett, Perkins and McDade; Mr. Patterson's team—Bishop, Gidding, Snodgrass, Brander and Chandler.

City League.
In the City League last night on the Victoria alleys the Nationals took three points from the Ramblers. The following were the scores:

Nationals	Total	Avg.
Thurston	87	81
Winchester	102	83
Somerville	91	113
Bailey	108	76
Ward	104	93

Ramblers	Total	Avg.
Power	84	82
Cooper	72	89
Covey	88	101
Coughan	89	104
Lunney	94	82

Next game will be on Black's alleys Tuesday night when the Y. M. C. A. and Juniors play.

In the Civic and Civil Service League last night on the Imperial alleys the Public Works Department took three points from the Water and Sewerage Department. The following were the scores:

Public Works Dept.	Total	Avg.
H. Hatfield	75	82
Kirkpatrick	82	79
G. Hatfield	75	74
Buckley	85	81
Price	75	80

Water and Sewerage	Total	Avg.
Jonah	76	80
G. Ballantyne	102	71
Blissett	75	75
Sewell	90	64
T. Ballantyne	88	72

Civic and Civil Service League.
"Phone Team Breaks Records."
The New Brunswick Telephone Company's rollers were in rare form last evening and they smashed two league records for the season when they took their old rivals, R. P. & W. F. Starr's aggregation, into camp at all four points in the Clerical League fixture rolled on the Victoria alleys. The phone men had every wire clear and working overtime and the coal barons found the going extremely rocky as their opponents smashed the single string record for the season by thirteen pins in the initial chapter and, not content with this, completely wrecked the high team total record by the margin of twenty pins. Incidentally by taking the entire four points the phone men tied St. Hayward's and Waterbury & Rising's for the league leadership.

N. B. Telephone	Total	Avg.
Juniper	88	84
Wharton	99	92
Till	92	91
Nelson	100	92

**GREB AND TUNNEY
TO BOX AT GARDEN**
The American Light-Heavyweight Champion Agrees to Defend His Title.

New York, Nov. 25.—Harry Greb, Pittsburgh boxer, who holds the American light-weight title, yesterday accepted terms for a championship bout against Gene Tunney, Greenwich Village idol, who formerly held the class title. The match was closed by Frank Flounery for Madison Square Garden. The men will clash on the night of Dec. 29 in a battle scheduled for fifteen rounds.

This contest has been arranged in accordance with the requirements of the State Athletic Commission, and the champion must agree to defend his title against a bona-fide challenger within six months from the date of winning a championship. Frank (Doc) Bagley, manager of Tunney, immediately after the Greb-Greb fight, challenged the Pittsburgher through the State Athletic Commission, and posted the required challenge forfeit of \$2,000.

The last Tunney-Greb battle was held in the Garden last May. The day following, the challenge of Tunney was filed. The six months' time limit for acceptance of this challenge will expire today.

George Engel, whose contract as manager of Greb expires on Monday, according to the document on file with the State Athletic Commission, signed the articles for the Tunney match on behalf of Greb. Engel made known that he has completed arrangements for matches for Greb, which will produce a financial return of about \$50,000. Contracts for these bouts, the majority of which are scheduled for dates later than the date of expiration of the Engel-Greb contract, must be fulfilled by Greb before the boxer definitely sever relations with Engel under a ruling of the State Athletic Commission. Under the provisions of this official ruling, however, no matches other than those closed before the manager's contract expires can be arranged by Engel without the consent of Greb.

Tunney now has three matches definitely arranged, and has offers for several more. Manager Bagley has signed Tunney to box Charlie Weinert in an fifteen-round bout at Madison Square Garden on Nov. 29, and has accepted terms of the managers of the Ice Palace in Philadelphia for a bout on Dec. 11, in which Tunney will engage a rival selected. Either Billy Shadie, California light-heavyweight, or Fay Keler, Cumberland (Md.) boxer, will be Tunney's rival in the Quaker City bout, according to present plans.

Tunney is confident the Weinert battle and the contest in Philadelphia will bring him back to the American light-heavyweight title from Greb. The Greenwich Village favorite has come

MOTORS
And Their Care

Practical Suggestions for Insuring Longevity of the Car
Keep the Car Together.
Every nut on a car should be firmly secured by a split-pin, lock-nut, or a spring washer.

Proper Water Level.
When filling the radiator of the car, allow enough water to pass in it to bring the level over the end of the vent pipe.

Gasoline Consumption vs. Speed.
On a 10-mile run, an automobile traveling 25 miles an hour, will consume less gas than a car traveling 45 miles an hour.

Engine Bearings.
Worn engine bearings can be detected by the oil gauge pressure. As the bearings wear, the oil circulates more freely and the pressure drops.

Noises Caused by Rust.
An annoying squeak may sometimes be traced to the hood fasteners. The springs become rusted and cause a squeak as the hood vibrates. A little oil will stop the noise.

When Bolting Parts.
When parts are to be bolted together, do not try to make the nut pull the bolt through if the latter sticks. Use a hammer to drive the bolt into place, otherwise the threads may be ruined.

Care of Tire Chains.
When the slightest sign of wear appears on the side lengths of tire chains, where the cross grips join, move them all up or down one link. In this way the side pieces will last several years longer.

Rounding Corners.
When turning to the right at street intersections, get as close to the right curb as possible before turning. When turning to the left at street intersections, get into the extreme left lane of traffic.

The Handy "S" Wrench.
The mechanic's "S" wrench is a bolt, the safest for use when removing a bolt, because it has a handle of the proper length which is scientifically proportioned to the work which the tool must do. The ordinary wrench is apt to strip the threads of the bolts or nuts when the handle is too long for the capacity of the jaws.

Lost Motion in Steering Gears.
Watch for the lost motion in the steering mechanism and have it attended to. Few drivers realize how much their safety depends on the steering gears. If the lost motion in the steering wheel is found to be increasing rapidly, one of the ball and socket joints of the drag link is coming loose and will soon let go. Stop the car immediately and investigate. It is easily tightened with a large screwdriver. Set it up as tight as possible and secure it with a long cotter pin or piece of wire.

Faked Engine Power.
The power of an engine is often faked by means of gearing it low at the rear axle. When buying a car it is wise to find out what the reduction ration is. If the reduction is very low, a comparatively light engine will pull considerable weight uphill in "high" because the car is really not in high gear. If the engine is of large dimension and geared very low, it will perform beautifully on hills and will have long life, but it will be a glutton for gas and will not usually give more than sixty

OPERATOR.
A spare tire on the rear of an automobile should never be permitted to hide all or even part of the license plate.
An operator, when turning to the right, should see that his car is in the "right" line when he approaches his turn.
If the right precautions are taken, a motorist should have no more trouble with his car in winter than he has in summer.

**Sweet & Cool
From the Start**

Kola
A Kola pipe doesn't need to be "broken in." Its beautiful rich and mellow "Kola" color, coupled with the sterling wearing quality of its selected briar root bowl makes the Kola the choice of particular pipe smokers. It's the Kola Process that does it.
