### TEA PRICES RISING.

Rumor has it that the labor unrest and general dissatisfaction in India, the largest tea producing country in the world, have made production so expensive and hazardous that a general rise in prices may be expected in the near future. The estimated consumption this year will be much larger than the crop available.

**BILLIE BURKE KEEPS HOME.**  
Lessor fails to Ouster Her for Long-Distant Talks to Her Husband.

Chicago, April 10.—Long distant telephone calls of Billie Burke to her husband, Florenz Ziegfeld, Jr., in New York made it necessary for the actress to obtain a court injunction in order to retain a nine-room house in a fashionable North Shore residence district during her stay here.

The owner tried to dispossess the actress, but was restrained by a court order issued in a special session in Chambers last night.

Miss Burke advertised for a house from March 19 to April 9. Mrs. Frank Townley Brown, who recently formed a Widows' Protective League, agreed to rent her home to Miss Burke for \$1,150, the money to go to the Widows' League.

A few days ago, however, Mrs. Brown asked Miss Burke to leave. Yesterday she came to take possession of the house. Miss Burke then got the injunction.

"I have nothing against Miss Burke personally," said Mrs. Brown, "but I found she was telephoning to her husband in New York every night at \$15 a call. Those calls will be on my telephone bill. Then I understand she has nearly the entire cost of her play living there and I know my house will suffer from so many people. I felt I just couldn't let her stay there any longer, but now I suppose I'll have to."

### QUEBEC GAS RATES.

City Council Will Appeal For Reduction.

Quebec, April 10.—It was decided by the members of the city council at a meeting here tonight to appeal to the Public Service Commission to secure a reduction in the gas rates. The present rate is \$1.75 a thousand feet and the city wants this reduced to \$1.45.

The Quebec Railway, Light, Heat & Power Company stated that it could make a revision, but not that asked by the city. The company was prepared to enter negotiations with the city to have the manufacture of gas municipalized.

**THE HIGH "VITAMINE" ICE CREAM IS PURITY**

PURITY HEATHIZED ICE CREAM is known as the "High Vitamine" ice cream because scientific experiments have shown that Heathization protects the precious vitamins which exposure to the air destroys.

Don't overlook the importance of vitamins. And don't forget that science has proved that exposure to air reduces and often destroys the vitamins in foods.

Vitamins are the mysterious elements of food which promote growth and health. The greater the supply of vitamins the stronger and the healthier you are.

Eat PURITY HEATHIZED ICE CREAM, the "HIGH VITAMINE" ice cream. If your dealer hasn't it go to a Purity Dealer.

**Remember, if it isn't Purity It isn't Heathized**

**BETTER THAN HARD COAL**

Soft coal so free from soot that it does not make whippers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.
