

LEASES FOR THREE YEARS

Commissioner Thornton Wants This for Market Building Stores

Eight Firms Affected; Rents a Bit Higher—Commissioners Favor New Fire Apparatus—Paving Plans Advanced.

A resolution authorizing him to lease the stores in the market building for three years instead of one year as at present was moved by Commissioner Thornton in committee this morning. Under the new system an increased rental will be charged. The people affected by the new order and the amounts paid last year and under the new arrangement are as follows:

A. C. Smith & Co.	1919.	1920.
A. F. de Forest	1,000	1,500
J. & J. Masson	1,000	1,500
W. Pedersen	1,000	1,500
A. L. Goodwin	1,400	2,000
Simbaldi & Smith	360	450
J. McGrath & Son	175	250
H. L. McGowan (advertising privilege)	75	100

Mr. Thornton said that the tenants were agreeable to the new rate and the resolution was carried.

New Fire Apparatus.

Mr. Thornton also asked to be given authority for the purchase of a new 75-foot aerial ladder truck and a motor combination pump, chemical and hose wagon. He said that he had recently visited many of the fire stations in upper Canada and the eastern states and found that the horse drawn fire apparatus had been almost entirely discarded on account of the increased cost of feed and the convenience of the motor vehicles. The new equipment, he said, would cost about \$35,000. It was finally decided that the commissioner be asked to bring in recommendations as to the make of truck and motor combination wagon required, with the price, the commissioners in the meantime expressing themselves as being in favor of the expenditure.

Mr. Fisher brought in the matter of a motor flusher for the streets, but the mayor ruled that this should be taken up as a separate item.

On motion of Commissioner Bullock lot No. 12 in Prospect street, 35 by 80 feet, rented to Windsor Webb at an annual rental of \$17.50, was recommended for sale to Mr. Webb for \$850. Another lot in Main street, Fairville, 23 feet in front, 100 feet deep and 35 feet wide in the rear was sold to Jeremiah Stout for \$885. The annual rental was \$52.22.

Paving Matters.

Commissioner Fisher gave notice that he would move at tomorrow's council meeting that tenders be called for the paving of Prince William street and also one side of the Market road from Cooper's corner to the city line. He said that in Prince William street the asphalt work could be done by the public works department, while the brick sections could be done by contract in granite, brick or concrete. The Market road, he said, could be done by contract or the present doing with mixed asphalt on the present foundation of broken stone. He said that the department was ready to call soon for tenders for Douglas avenue and City road and the plans for Haymarket square and Brussels street, as well as advanced and would be ready soon.

AMBULANCE IS OFFERED CITY

Mrs. Thomas Bell and Mrs. H. W. Frink, representing the executive of the Red Cross Society at Rothesay, today offered the city the ambulance which was given to the Canadian expeditionary force during the latter part of the war, and which was not used on account of the signing of the armistice. The conditions are that with the two ambulances in service urgent calls for transportation of cases from outlying districts to the hospital would be undertaken.

The two ladies made the proposition to the mayor and commissioners at a committee meeting this morning. The ambulance is a Cadillac and cost about \$3,000.

Commissioner Thornton said that the ambulance would be a valuable asset to the city but would necessitate another man for calls outside the city, and there was no place in the city property at present to store it. A suggestion was made that the county council might take up the matter at the meeting of the finance committee on Thursday, and it was decided to leave the matter to Commissioner Thornton to report at the next meeting of the council.

HAVE YOU SCROFULA?

Now Said to be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

MOTOR HEARSE HIT BY TRAIN

N. W. Brennan and C. N. Smith Injured While Conveying Body to Smithtown.

F. B. Brennan of N. W. Brennan and Sons, funeral directors, and C. N. Smith of Montreal had a narrow escape from serious injury on Saturday afternoon when a construction train of an engine and one car struck their motor hearse at the gravel pit crossing near Lakeside. Mr. Brennan was attending the funeral of Alfred Smith, whose body was brought here from Montreal Saturday afternoon and was being conveyed to Smithtown for interment. As they were approaching the crossing on the Hamilton and St. Martins branch of the C. N. R. Mr. Brennan noticed the oncoming train. He stopped the machine and endeavored to reverse but being on a slight grade the car coasted to the crossing before it could be stopped and as he attempted to back off the train struck the machine pitching it into the ditch. Mr. Brennan was hurled about the neck while Mr. Smith was hurt about the legs, arms and back. The train came to a stop and the crew soon extricated Mr. Smith from the wreckage. Mr. Brennan was lying under the car where he had been thrown. The motor was considerably damaged, the front end being smashed, the radiator, engine and one head light, also being broken. No damage was done to the car.

HAIR TONIC, ETC., IN LIEU OF LIQUOR?

What men will do for drink in prohibition times, when they find the law stepping on their heels, they may have come to light of an increased demand for lemon extract and Jamaica ginger, while even some brands of liquid boot polish have come into peculiar prominence. But now it would seem that all these have a rival.

It does not seem possible that hair tonic, scalp cleanser, or some special brand of shampoo water should be taken inwardly but according to the text of circular letters received by some local barbers such must be the case. The letters are from a big American firm which manufactures these articles. They lay stress upon the fact that some of these articles contain a certain proportion of alcohol, small though it may be, and they ask that the local barbers be particularly on their guard against selling any such fluids to persons who may use them for beverage purposes.

TO BE INVESTIGATED

In connection with the finding of a serious Mr. Smith, who has given or been had purchased from a local dealer, Commissioner Thornton said this morning that he had referred the matter to the detective department and an investigation will be made.
