

FOUR DROWNED IN ONTARIO

Child Is Rescued; Two Women, One Man and Baby Perish

Flat Bottomed Boat Upsets in the St. Lawrence Near Cornwall, Ont.

CORNWALL, Ont., May 28.—Four persons were drowned and a fifth, a four-year-old child was saved, when a flat-bottomed boat in which they were rowing capsized in the St. Lawrence River off Cornwall, late today. The victims are: Mr. and Mrs. Aurel Lavigne, aged 21 and 18, Mrs. Romeo Pelosse, aged 19 and her 11 months old baby Romeo Pelosse Jr. The fifth occupant of the boat, Aurel Gatien, aged four, sister of Mrs. Pelosse, was saved. The baby was taken out of the water but was already dead.

Saint John Babies In Empire Contest

In all 18 persons have applied for the score sheets of the Empire's Mother and Baby competition through the Saint John agencies. The closing date by which the score sheets and the baby's photographs must be received at the office of National Baby Week Council, 117 Piccadilly, London, W. 1, England, was June 19 and presumably there will not be many more applicants for score sheets through Saint John. As special photographs of the babies must be taken to meet the requirements of the competition the remaining time would appear too short for any other applications to be received now. The announcement of the winners of the competition will be made during July and the photographs will be exhibited at Wembley.

Cabinet Refuses To Alter Sentence

CORNWALL, Ont., May 28.—Thomas Collier, who will be hanged tomorrow morning at 5 o'clock at the jail for the murder of Beatrice Thorpe, was quietly awaiting the hour of execution tonight. A report from the jail said that he was well, and although he had not slept, his mind appeared to be composed. The cabinet council refused to commute his sentence.

FAMILY IN A HAT.

SAN ANTONIO, May 28.—The owner of a millinery store had visions of a most profitable day when he saw a large crowd in front of his store window. But few came inside, for they were all watching a new family of kittens in the window. The store cat had given birth to a litter of kittens during the night and placed them in a fashionable spring bonnet.

Seventy-Four Now On Free Milk Fund

ARE WOMEN 100 PER CENT EFFICIENT

How many women do you know who are one hundred per cent efficient? That means every nerve and sinew of the body pulsating with life and health as nature intended. Do you not know more who are half dead and half alive with aches, pains, nervous, irritable and despondent, making themselves miserable and every one around them? Women in this condition should let Lydia E. Pinkham's Vegetable Compound rebuild and restore them to a normal healthy condition which will make them one hundred per cent efficient and life worth living. There are women in every section of this country who testify to its merits.

WARMTH OF STARS.

LONDON, May 28.—Prof. C. V. Boys says he has perfected an instrument which will measure the heat from the brighter stars.

LABRADOR MISSION

Saint John Branch Plans Final Collection of Clothing and Supplies.

The Saint John branch of the Labrador Medical Mission is preparing to make the final collection of garments to complete the bales to be sent to the mission this season. Two collections are made locally each year and during the winter months various interested groups of workers are busied making new garments to be included in the bale. In the absence of Miss Frances Stetson, the contributions are now being received by Mrs. James F. Robertson, who has made arrangements to have parcels called for if the donors desire. A generous supply of clothing has already come to hand and the prospects are that the Saint John branch will be able to send a very satisfactory consignment this year.

CONGOLEUM

Indoors and out, seashore or mountains, nothing provides such an all-round satisfactory covering for floors as these popular, inexpensive rugs.
Durable—Easy to Clean
 On the porch—sunshine and driving rain, the accidents of many porch parties mean little to the Congoleum Gold-Seal Rug. For the rich colors are fadeless, the material itself sturdy and long-wearing. They hug the floor; never curl at the corners or ruffle up, even in the stiff breeze.
 Congoleum Gold-Seal Rugs have many advantages not found in fabric or fibre rugs. No back-breaking sweeping is ever needed to clean them—just use a damp mop. Dirt, tracked-in mud and spilled things cannot stain or penetrate the smooth, sanitary surface.
 Then, such a wide choice of artistic designs! Dainty floral patterns in gay chintz or soft pastel tones, sumptuous Oriental motifs and a neat tile effect—to suit any room in the house.
See Them at Your Dealer's

Why Headaches At Close Work

Nineteen headaches out of twenty warn you of Sight Faults. They may come any time, but more so at near work as then the Sight muscles are strained hardest.
 If they strike you any part of the forehead or the temples—the trouble is likely Astigmatism. You may see clearly but it costs you something. Through one part of your eye there is a distortion called Astigmatism.
 Severe Astigmatism shows itself in poor vision and a false shading to printed letters.
 In any case you see better and feel fine with corrective Glasses. Don't wait till you have the spare change—you may forget ever to see about it. Phone for an appointment tonight. Get Glasses like everybody now does—on the weekly dollar notion. No interest and no increase over lowest cash prices.
