UNEMPLOYMENT AND IMMIGRATION

Unemployment Must Not Continue

Policy of Congress as Adopted at Winnipeg Convention A special committee was appointed which brought in a report which, with a few amendments, was

adopted. The final report follows:

1. Unemployment .- While presenting its suggestion for mmediate aid to the unemployed organized labor feels that it should offer some large scale plan that, when carried out, will do much to lessen the number of unemployed, even though its adoption will not be a complete solution of the problem itself.

Under the present system of production for profit, instead of for service, it is recognized that there will always be unemployment. But, much can be done to make the problem less acute, the problem is world wide and has been the subject of investigations and many conferences but yet remains unsolved though considerable amelioration has been achieved by legislation creating unemployment insurance in most European countries.

Enemployed labor is both a loss and a danger to the commu
