the reading of the denurrer ar. Hall, At-ineral, rose and suggested to the Court his confine the argument to the single question whether the Court could or could not, in of the ease, andertake to examine and de in the whole merits of the case. He wished go into the authority of the Court-what called the preliminary question, as raised at point of the denarrer. I discussion ensued, Mr. Spencer plaining of the questions that might arise, and es the general question on which the eventually turn, and ar. Hall objecting. Not objected to a succession of hearings of it might become a series and the general timight become a series of the produced and thus made public, our tole him that the alleged facts series whether the testimony produced before how yould be produced and thus made public, our tole him that he mast act are. all and that the matter had now assumed a speet from what he at fast anticipated, it would be necessary for fin to have some and the one our granted an extension clock this morning, and to that hour the case of the whole and the mast act are and this morning, and to that hour the case of the whole and the state anticipated is not this morning, and to that hour the case of the whole when the and the series of the produced and the series of the series of the second for what he at fast anticipated is not the morning, and to that hour the case of the morning and to that hour the case of the morning and to the provention the series of the produced the series of the series of the series of the morning and to that hour the case of the morning and to the provention the series of the series of
