SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It fades, turns gray, falls out, streaks, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

THE DEPARTMENT OF AGRICULTURE

Entomological Branch, Memorandum to Importers No. 1.

Regulation of quarantine 37 of the Federal Horticultural Board, United States Department of Agriculture, which went into effect on June 1st, 1918, contains the following paragraph:

"Permits are not required for nursery stock and other plants and seeds, not under quarantine or regulation, entering the United States for immediate transportation in bond to foreign countries."

In accordance with this clause of the regulations plants with soil on their roots are prohibited from being transported via rail or overland to Canada from United States ports, but must proceed by water to Canadian ports and there be placed in quarantine, as such plants are not permitted entry into the United States. In order to avoid delay caused by rigorous and costly transportation regulations, Canadian importers, ordering such shipments of plants from Europe, are advised to consider routing them direct to Canadian ports.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Walked The Floor Fighting For Air

Had a Weak Stomach for Years, Feels Like Old Self Since Taking Tanlac.

"I can swing my hammer as good as ever for I have been made over into a new man since I commenced taking Tanlac," was the statement made the other day by Roy Steeves, a well-known blacksmith living at Dover, West, County, New Brunswick.

"For four years I suffered from stomach trouble," he explained, "and during the past year I was so bad off I could hardly hold up under the strain. I could not eat a meal without feeling nauseated afterwards, and I bloated up with gas and felt so stuffy and tight I had to get up in the middle of the night and walk the floor fighting for air. My sleep, of course, was restless and as my work requires a lot of stooping, I got so weak and rundown I could hardly get about the shop. I spent lots of money and tried many different medicines, but none of them did me any good."

"One day I went to the drug store at Hillsborough and asked the druggist if he could recommend anything for stomach trouble and he said try Tanlac. So I took his advice and I want to tell you I commenced to feel better in just a day or two and now all signs of indigestion have left me and I am in better health than I have been in years. My appetite is fine and I eat a regular meal. I sleep sound at night, am feeling like my old self again, and can recommend Tanlac in the very highest terms."

Tanlac is sold in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative—Adv.

The Methodist National Campaign

The objectives of the eastern conferences in the forthcoming financial drive of the Methodist National Campaign are:—New Brunswick and Prince Edward Island \$150,000; Nova Scotia, \$150,000; Newfoundland, \$90,000, and Montreal, \$475,000.

Although Robt. street church, Halifax, has won for Nova Scotia the honor of claiming the first city church in the denomination to surpass its financial objective, New Brunswick and Prince Edward Island promised an interesting race all next week.

Newfoundland under the experienced direction of Mr. Albert Soper is expected to do well. Bermuda is well organized as a district of the Nova Scotia conference.

Of the \$4,000,000 for extension and \$1,800,000 for maintenance which the whole denomination is to raise, the Nova Scotia conference is to provide \$1,100,000 and the four western provinces \$1,065,000.

Eleven wealthy Toronto men have already subscribed \$440,000. Montreal special subscriptions total \$215,000 already. One Winnipeg citizen has given \$50,000.

To Brock, Saskatchewan, goes the honor of being the first circuit in Methodism to reach and pass its financial objective. Two Ontario farming communities have also gone well beyond the mark.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get free any druggist a few ounces of Bisulphur Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisulphur Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

How Any Woman Can Remove Hairy Growths

(Beauty Culture)

It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.

To Our Readers

Our publication starts 1920 firmly entrenched in these prosperous Maritime Provinces. We have been turning out a good paper, but it is our ambition to turn out a much superior one. We are going to have a three full page three-color comic feature each week, including "BRINGING UP FATHER," which is without doubt the finest comic on the market.

In addition we are arranging to have more pictures of Maritime Province interest, and instead of having our illustrated section printed in ordinary colors, we are negotiating to have it rotogravured—similar to the illustrated sections of the great American Sunday papers. We are also adding as a permanent feature, up-to-the-minute Sport and Children's pages.

All this costs money. Perhaps you don't realize that the price of a paper does not pay for the illustrated section alone. In order to improve the quality of The Leader so that it will meet all competition, starting from the first issue in February the retail price will be 10c. A copy on news stands OR \$5.00 a year by mail.
