as enterprising.

It was said that the improvements at Richibucto were for the benefit of the Kent Northern Railway, but was that not always the case? Where could a harbor be improved without a railway benefitting? John on the afternoon train.

Didn't Know of Murray's Pur-

him if Murray's price was excessive.

Mr. Crocket had tried to prove that a telegram from Murray to Engineer Valiquette, urging that the transaction should be closed as it would be a good thing for LeBlanc, was a proof that a plan had ex isted to get money for campaign purposes but that idea carried its refutation on its face. If there had been any idea of cam paign funds Murray would have telegraphed not to the engineer but to the minister. Depended on Engineer.

Dr. Pugsley noted that he had not been

made aware until December, 1908, that the property which Mr. Murray sold to the government for \$5,000 had been purchased from Mr. O'Leary shortly before for \$700. As soon as he was informed of this he had promptly asked Engineer Stead for an explanation, and unless some satisfactory explanation was given he had determined to dismiss him for malfeasance. He had written Mr. Stead complaining that in the latter's report advising the purchase of the wharf no mention had been made of the previous transfer of the property at \$700. And he had asked him to make a full re-

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregorie, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

In Use For Over 30 Years.

As a concusive argument in proof of the contention that the government got full value for its money, he read from the evidence given before the committee by Mr. Loggie, showing that he had advised Mr. Murray not to sell the wharf for \$5,000 and had himself made a bona fide offer to the government to buy the wharf for the government to buy the wharf for \$6.000 fthe estate of Michael Gallagher, late of Passakeag, farmer, deceased, to his son, the state of Michael Gallagher and proof the set of Passakeag, farmer, deceased, to his son, the state of Michael Gallagher and proof the set of Michael Gallagher.

But luckily, said the minister, Superintendent Waterbury kept a copy of his offer and perusal of that showed that he did not offer to sell the whole wharf for \$1,000, but that offer contained a reservation of 150 feet between the property which he proposed to sell and the railway and his own wharf and when figured out showed that he had valued his property at a rate of \$20,000, \$10,000 and \$3,000.

The origin of the transaction was that in the spring of 1908 the minister was urged to purchase the municipal wharf at Richibucto. It was a renewal of a proposition which had been before the depart.

money.

Mr. Meighen, of Portage la Prairie, continued the debate, going largely over the same ground covered by Mr. Crocket.
