Brief Despatches

Long Branch, N. J., Oct. 17.—President Wilson announced today that his efforts to bring an agreement among belligerent nations to allow relief supplies to be sent to Poland had failed.

New York, Oct. 16.—Frank Kearns, an actor, shot and killed Stephen Clifford, also an actor, here late today, and then committed suicide by shooting himself through the head. The tragedy was said, followed an argument between the men. Each was thirty-five years old.

New York, Oct. 16.—According to a news agency dispatch from Essen, Germany, published here today, 80,000 new workers this week will join the force of 70,000 already employed in the great Krupp gun works in the gigantic task of turning out shells and guns for the German armies.

The addition of this force is one step in the course of Germany's renewed efforts to win the war which she is fighting under the direction of Field Marshal Von Hindenburg, new chief of staff. Many skilled workmen are being recalled from the front to aid in speeding up the production of war supplies, and new tanks are being built here to house them.
