TO ALL PLAYERS AND PROSPECTS

They and Executive of K. & W. A.
A. A. Will Hold Conference
Next Monday.

TO EXCHANGE SUGGESTIONS

At eight o'clock next Monday evening a big meeting in the interests of the O. H. A. hockey clubs in the city will be held in the Merchants Bank hall at which they are requested to be present all prospective players for any of the three O.H.A. clubs, all players of last and other previous years, and the members of the executive of Kitchener and Waterloo Amateur Athletic Association.

The purpose of this meeting is to discuss ideas and suggestions of conducting the affairs of the respective clubs.

Yesterday afternoon the members of the Amateur athletic association met at the Lancaster Club at which the business of the association as regards the three clubs was discussed. There was a large attendance of members.

By the way it has been learned from Secretary W. Hewitt of the O. H. A. that while he had thought the amateur athletic association was confined to Kitchener only, it matters not in the conducting of the affairs of the three O. H. A. hockey clubs even when Waterloo or any other municipality is included in the organization.

O. H. A. PROGRAM

Toronto, Nov. 20.—The annual meeting of the O. H. A. will be held at the Temple building, Bay and Richmond streets, Toronto, on Saturday, December 6, 1919, at 10 a.m.

Each club is entitled to one delegate. Fees: New team entrance \$5, with \$6 additional annual membership fee for each team entered. Present members do not require to pay entrance fee.

Notice of amendments to constitution, etc., must be in hands of secretary by Saturday, November 22, 1919. Nominations for office by Saturday, November 23, 1919.

Certificates are issued to all players. Junior players must be under 20 years of age on January 1, 1920. Official birth certificates will be required from all players before being allowed to play.

Under the required O.H.A. residence continuous resident of the town to rule a player must be a bona fide and which his club belongs since August 1, 1919. The exceptions are enlisted soldiers, students, teachers and sailors. The last named must play where they were living last January.

Special rules for the duration of the war only:

Soldiers, like students and teachers, may play in their home towns, with a soldiers' team in the town or regimental district in which they are located, or with any team in the town in which they are located. Returned soldiers from overseas may play wherever they desire to locate.

Players residing in a town where there is no O. H. A. team, may play in the nearest O. H. A. town or village which has a population of 5,000 or less.

WILL DISCUSS QUESTIONS TREE PLANTING

Park Board Will Meet City Council. Board Should Be Petitioned

1920 REFRESHMENTS CONTRA

The Park Board will carry on its efforts to have a systematic plan of tree planting on streets adopted. Last evening the Grounds and Horticultural Committee were authorized to meet the City Council to discuss the question with the aldermen.

The Board thinks that the work should be done under section 9 of the Local Improvement Act, as they recommended to the council some time ago. The council referred the recommendation to the Board of Works. The committee of the council held the matter over, being of the opinion at the time that there should be a petition for the work of tree planting.

The members of the Park Board on the other hand think that unnecessarily much time would be lost if a petition had to be circulated every time trees were to be planted on a street.

COKE RELEASED FOR CANADA'S USE

Ottawa, Nov. 22.—The office of the fuel controller here has been advised that C. A. Magrath has secured from across the border 150 cars of foundry coke to be released at the rate of 20 cars per day. This coal is being shipped to Canada billed to the order of the Fuel Controller and shipped only on the understanding that the Canadian government would guarantee that this coke would be distributed to concerns on the first five items on the priority list.

That list is as follows:—Railroads; army and navy and other departments of the federal government; state and country departments and institutions; public utilities; retail dealers; manufacturing plants on war industries; preferred list; coal manufacturing plants; jobbers; lake; tidewater. Any concerns who are in urgent need of coke should immediately communicate with their provincial fuel administrator or the fuel secretary of the Canadian Trade Commission at Ottawa. At the present time the United States is not releasing coal to any concerns in above list following retail dealers.

(Special to Record.)
TORONTO, Nov. 22.—A Toronto-born Canadian recently received the appointment of Governor of the Gold Coast colony in the person of Major-General Guggesberg, an officer with a distinguished career in the British army. Gen. Guggesberg comes of an old Canadian family, his maternal grandfather having been the first speaker of the Upper Canada Legislature. He received part of his education in Toronto, before being taken to England by his parents forty years ago. He was then a boy of 12. In early manhood he entered the British army and served with distinction in several campaigns prior to the late war. His experiences in Africa fitted him particularly well for his new position as Governor of the Gold Coast colony.
