THE YORK UNIVERSITY HISPANIC STUDENT ASSOCIATION is having its general meeting on Friday, October 3rd, at 2:00 p.m. in the Master's Dining Room, Stong College. All interested people welcome.

YORK UNIVERSITY NDP—General Meeting—Agenda: Election of Executive, New Constitution; to be held—October 8 at 5:00 p.m. in S127Ross.

Banks have customers. Credit Unions have members. And that simple distinction can make all the difference in the world in the way you are seen and assisted when you want help with financial services.

Yet so many people accept banks and trust companies for what they are. They continue to deposit their money without thinking that there may be a better way.

How much does the banking habit cost you every year?

Do you know what your annual chequing or credit card charges are?

Are you getting maximum interest on your savings?

How much did you pay for your mortgage or your latest personal loan?

Did you get the best possible rate for your RRSP?

For people who care about money, there is an alternative.

More and more people are discovering that individual Credit Unions can very often outperform the major banks.

Why? Because banks and Credit Unions have very different business philosophies.

Like most other businesses, banks share their profits amongst their shareholders—but those

Credit Unions were first with daily interest and automated teller machines.

Credit Unions are not as cumbersome as the major banks and trust companies.

We can respond to your needs faster because decisions are not made in some distant head office.

That's why we lead the way in offering more innovative financial services.

None of our members ever lost money with a Credit Union.

In all the years that Credit Unions have been operating, there has not been one single case of one of our members losing a single nickel.

Today's Credit Unions are financially sound and insurance on deposits is every bit as strong as with the major banks.

Yes, you can become a member. Call this number today. 978-5505

If you would like to know more about Credit Unions call us now.

We don't suggest you stop using your local bank altogether. But we do think you should open your eyes to what else is available.

Compare us product for product, service for service—we'd love to see you as a member, not just a faceless customer.

Is this how you look to your friendly neighbourhood bank?

shareholders are not necessarily customers of the bank.

Every Credit Union member is a shareholder.

Credit Unions don't have outside investors. Each and every member is a shareholder—and profits are used to offer members the best terms and interest rates possible.

That's one of the reasons why Credit Unions operating in Ontario have more than tripled their business volume since 1973.
