25th April 7

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 19th Instant in which you state that small-pox is now prevailing among the Indians in the North West, and that you, therefore, expect an order every day for vaccine from this Department as promised to you on the 5th June last.

In reply I am glad to be able to state that small-pox is not prevailing in the North-West Territories.
