Ottawa, February 20, 1912.

Sir,

Referring to your letter of January 8th I beg to say that you may purchase the hardwood flooring for the girls' play-room, passages, kitchen and a portion of the dining-room at the Qu'Appelle Industrial School from Mr. A. W. Sherwood, Lebrét. As the need for having this flooring laid at the earliest possible date is urgent I would ask you to take immediate action.

The Department will give you instructions with regard to the installation of the shower baths at an early date.

Your obedient servant,

Assistant Deputy and secretary.

W. M. Graham, Esq.,
Inspector of Indian Agencies,
