

HOUSEHOLD HINTS

AN EXCELLENT WASHING FLUID FOR BLANKETS, FLANNELS OF ANY KIND, AND FOR RUBBING OVER CARPETS.

Three-quarters of a pound of castile soap, one and a half ounces of salt petre, one pint of ammonia, two gallons of water. Scrap soap and add with the salt petre to one gallon of water, when dissolved add the other gallon of wats, when cold add ammonia.

M. L. E.

ELLIMANS EMBROGATION.

One pint of turpentine, one gallon of white wine vinegar, two egg sells and all, one ounce of gum camphor. Put into a large bottle and cork tightly and shake till dissolved, the shaking need not be done all at once but the sooner the better.

M. L. E.

PRESERVED CREAM.

Twelve ounces of sugar, dissolve in a little water, allow it to boil, then add twelve ounces of fresh cream. When cold put into bottles, it will then keep for weeks.

Miss D. A. Shaw.

FOR WASHING BLANKETS.

Boil together one pound of good soap (white castile or "sunlight") cut fine, and three quarts of water.
