No. 6

Visible Writing

THE BAR-LOCK was the pioneer of "Visible Writing," and is to-day the only machine writing every letter in sight of the operator and *keeping it there*. **THE BAR-LOCK** design is the only one allowing this advantage in connection with a practical paper feed.

This is only one of many advantages. A Descriptive Catalogue at your service.

AN HONEST OFFER

If you have **CATARRH**, and desire to be cured without risk of losing your money, we will send a **GERMICIDE INHALER** and medicine for that disease without asking a cent of pay in advance. After a fair trial at your own home, and you find it a genuine remedy, you can send us \$3 to pay for same. If not satisfactory in every way you can return the Inhaler at our expense, and need not pay one cent. Could anything be more fair? You have everything to gain and nothing to lose. If the remedy is not all we claim, we are the losers, not you. Just think of being cured for \$3.
