

Canadian Goods Made for Canadians by Canadian Workmen in Canadian Factories

IN the great struggle through which Britons are passing, the bulwark of the Empire rests upon her immense commercial and financial resources. In demanding Empire-made goods, price and quality considered, you are conserving the energies of the British Empire—you are adding to the foundations of the British Dominions.

Below is to be found a list of our big Canadian Industrial Institutions whose products have set a standard of QUALITY in our home markets. They are known from coast to coast. As consumers our duty is before us.

BUY BRITISH GOODS. SUPPORT BRITISH LABOR. BE BRITISH.
