COUNTER-BALANCE
ROCKING CHURN,
 PATENTED by H. SELLS, Dec. 29th, 1868.

THIS Churn is superior to all others in use; it makes more Butter from the same quantity of Cream; it is worked with three quarters less power; a child six years old can easily churn with it; it makes better butter, as it gathers it in Solid Rolls and works all the milk out of it. All this is done in less time than can be made with a dash churn, and it is quite as easily cared for and cleaned as a common dash churn. Manufactured by H. Sells & Co., Vienna, Ont., price \$5.00. All orders will receive prompt attention. Agents wanted.
 Address H. SELLS & Co. Vienna, Ont.
 May be seen at the Agricultural Emporium.
