SOMETHING BETTER

EVERY FARMER needs "Something Better" than the old-fashioned, unreliable windmill for general purposes. **OUR "JACK JUNIOR"** will furnish abundance of power to pump water, run separator, grindstone or corn-sheller, and other purposes requiring small amounts of power.

THE "JACK JUNIOR" is a practical one-horse-power portable gasoline engine, mounted on wooden base, complete with battery. The gasoline tank and evaporator tank are cast with the engine, as illustrated, making an unusually simple and compact engine.
