# We Paid \$100,000

**For Liquozone, Yet We Give You a 50c. Bottle Free.**

We paid \$100,000 for the American rights to Liquezone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

## Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot

kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

## Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

**GOSSIP**

R. P. Stanley reports the sale of one of his pure-bred Hackney stallions named "Gayboy," to James McMillan, of Highview, Assa.

The Commissioner of Immigration, at Winnipeg, advises us that a large number of very desirable single and married men (experienced and inexperienced) are coming daily from the Old Country, seeking work with our farmers. Farmers can secure help at once by applying to the Commissioner, stating rate of wages and engagement proposed.

Parties on the Northwestern branch of the C. P. R., and on the main line of the C. N. R., can reach J. G. Barron's farm by getting off at Fairview siding, right on the farm. Those travelling down the C. P. R. and N.-W. section should change to the C. N. R. at Neepawa, where the south train to Fairview can be taken.

AYRSHIRES AT OLD CUMNOCK.

At the spring show at Cumnock, Scotland, April 8th, in a class for aged cows in milk, Mr. Jas. Murray, The Muir, was a pronounced winner, the first, second and third awards going to his entries. These were all home-bred, got by the good breeding sire, Wee Earl of Burnhead. The Derby for cows calved in 1902 was a fine class of eleven entries. The first and second prizes went to cows shown by Mr. Jas. Harper, Carbello; third to Mr. Jas. Murray. The first-prize cow was by Young Earl of Carston; the second was by Wee Earl. For three-year-olds in milk, Mr. Harper was first and third; Mr. Murray, second. For aged cows in calf, not to calve later than June 20th, Mr. John Murray, Carston, was first, second and fourth. There were eight three-year-old cows shown, in calf, and Messrs. D. & A. Wilson were given first, with their fourth-prize winner in the Derby; Mr. Adam Mackie being second, and Mr. And. Baird, Garclaugh, third. For two-year-old queys there were nine forward; Mr. Patrick Wardrop, Garlaiff, being first; Mr. James Kennedy, Glenshamrock, second, and Mr. And. Baird, third. The overhead championship for the best animal in the class went to the four-year-old bull, Safeguard of Glenshamrock, exhibited by Mr. James Kennedy, the reserve number being the first-prize cow in milk. In two-year-old bulls, the first was MacKay, shown by Mr. P. Wardrop. Mr. Alex. Duncan was second, and Mr. Wm. Sloan, third. In the class for bull stirks, the first award went to Mr. Jas. Robb; the second to W. & T. Rardrop; third and fourth to Mr. David Robb.

## REACHING WESTWARD.

Another Toronto Firm, Messrs. Gourlay,  
Winter & Leeming, Will Establish  
a Winnipeg Branch.

Incidents are constantly recurring to show the enterprise and resourcefulness of Toronto's business men. Only a year ago, the great fire devastated the wholesale section, yet to-day there are arising from the ruins massive structures, which are monuments to the "grit," energy and hard work of the builders. It is this combination of qualities that has brought success to the firm of Gourlay, Winter & Leeming. Their special high-grade "Gourlay" piano has proven itself worthy of classification with the best instruments of the world, and with the praises of countless connoisseurs resounding through the country the demand for the Gourlay has grown by leaps and bounds. So heavy has the Western business become that the firm has resolved to open a branch establishment in Winnipeg, where prospective buyers may examine and hear the "Gourlay" in comfort. Accordingly premises have been secured on Donald Street, opposite the new departmental store, where the T. Eaton Company, of Toronto, will open towards the end of July. Neighbors at home, they will also be neighbors in Winnipeg. It is the intention of Gourlay, Winter & Leeming to fit up warehouses and salons in a style compatible with the reputation and quality of the Gourlay piano, and, once established in the metropolis of the West, the growth of the business will be assured.

The Winnipeg interests of the firm will be under the care of Mr. Alfred A. Codd, who is so favorably known in musical circles throughout the West.
