## ONE WAS "PUT OVER" ON THE BRANT GRIT EXECUTIVE

### Screaming Announcement, "Get Ready for General Election" Was a Joke, Pure and Simple, and The Expositor Went Right to It.

On Thursday, March 13th, 1913, under a special double-column heading, the Brantford Expositor featured the following announcement, front page, top of column, and all the rest of it: "Indications are that a general election for the House of Commons in the immediate future is a certainty. The Expositor is advised that local Conservatives received word from Ottawa yesterday to prepare for an election about May 20th." The above announcement was the result of that gentle and succulent art known as "putting one over."

There are some wags in Paris on the Conservative side. In the Book of Kings we get the announcement: "The driving is like the driving of Jehu, the son of Nimshi, for he driveth furiously." That, of course, was the origin of the term "Jehu" as applied to those wags who exact the most fare they can out of you. However, if Jehu drove furiously, those Paris wags are just as keen, waggishly, as this story will unfold.

A friend of Mr. Fisher's typewrote a short letter to the effect of an election about May 20th, and said document was left around promiscuously.

It encountered the optic of a strong Liberal, and presto! 'round went the news to the faithful few. A meeting of the North Brant executive was called to hunt up a lamb for the slaughter, and said wags also tipped off the Expositor, which paper swallowed the hook—and line as well.

These days in Paris, if you want to get a Liberal fighting mad, just ask him if he has seen any more telegrams.

## Little Effect on Stock Market Caused by Death of Big King

[Canadian Press Despatch] NEW YORK, March 31.—News of the death of J. Pierpont Morgan, the financier, came an hour before the opening of the Stock Market and gave them ample time to take measures for the protection of the market. The first intimation of the probable effect was contained in London's quotations for American stocks before the opening here. The cables showed general declines of heavy pressure.

Wall street was astir early and before the gong on the floor marked the opening of business, every precaution had been taken to guard against a severe slump. In the so-called Morgan stocks, especially supporting orders were given. United States Steel, which heads the list of the Morgan stocks, registered the effect of the financier's death most firmly. The first transaction amounted to 4,500 shares at a loss of a point. The other Morgan stocks, which include Erie, Southern Railway, International Harvester, and New Haven, showed only fractional losses.

Although news of Mr. Morgan's death was not a surprise in view of his recent illness, Wall Street, was

**Fatal Accident**  
NORTH BAY, March 31.—Geo. Arnot, twenty-four years of age, from Renfrew, bookkeeper for Austin and Nicholson lumbermen, at Chapleau, was killed at Biscotasing, C.P.R. station Sunday morning. Arnot was returning to Chapleau on the express and had stepped off the train at Biscotasing. The train was in motion when he tried to get on again and in some way he was thrown beneath the wheels and almost immediately killed.

## Square Deal, That is What The Courier Offers

### Every Person Who Assists the Journal Will Receive Liberal Compensation for Efforts Given.

There isn't any hocus-pocus about the Courier's "SQUARE DEAL" campaign.

In the ordinary course of events, when a newspaper intends to increase its circulation, outside experts, who specialize in that regard, are either brought in, or else there is a contest for a trip to the Yellow Sea, or the Sarawak Islands, or something like that. You know what such things mean.

Contestants wear themselves to a frazzle, only in most cases, to find that a FEW OTHERS are on top, and that, as far as their efforts are concerned, they have been toiling for nothing.

The one really happy man in such schemes is the publisher, who finds that HIS BANK ACCOUNT has been boosted a few hundred simoleons.

The Courier proposal is not that kind of a project, by any manner of means.

This paper believes that anybody who hustles for it is entitled to RECEIVE GOOD PAY, even if the effort only produces one new subscriber.

The consequence is that in this fight you CANNOT LOSE. Participants will receive remuneration, on a very liberal basis, for all that they do and on top of that they have the chance of securing one of the \$350 worth of SPECIAL PRIZES.

The situation is perfectly clear.

This paper desires to add to the number issued each day and what's more, proposes to do it, with your help.

That result will not be achieved at anybody's expense, but to the direct CASH ADVANTAGE of all who participate.

A perfectly clear and above board proposition isn't it?

Moreover, the Courier has recently been enlarged; so increased in plant and in the numerical strength of its editorial, news, society, reportorial, business and operative departments, that it is right now, properly recognized in this community as "SUPREME IN EVERYTHING."

That position it not only proposes to maintain, but to make even more secure.

Get in, and GET IN EARLY, on the "Square Deal" campaign. And even if you should be a little late in starting, you will be paid in cash for everything you accomplish. BUT DO IT NOW.

## Thrown Out SOME SESSION IS PROMISED

### City Council Has Considerable Business to Transact at To-Nights Session.

[Canadian Press Despatch] LONDON, March 31.—Suffragists created a scene to-day at the resumption of proceedings of the Parliamentary committee inquiring into the wireless contracts of the British Government when David Lloyd-George, Chancellor of the Exchequer, took the stand to undergo further examination.

The Chancellor used the word "principle," and a male suffragist immediately rose and shouted an angry protest. He exclaimed: "I object to that man using the word 'principle.' He is a traitor. He has betrayed the women."

The interrupter was promptly ejected, but another soon interposed.

Mr. Lloyd-George had remarked that he was not a speculator and had never bought to gain, when a suffragette cried out: "You sold the women alright." Evidently there were many sympathizers in the audience. Shouts of "Hear! Hear!" resounded through the room.

Both the interrupter and her sympathizers were thrown out.

## PICTURE OF DAYTON WHICH RECEIVED SUCH DAMAGE

This picture shows the business section of Dayton in the far distance. The spires at the left are those of Sacred Heart Church. The tower showing on the sky-line about an inch to the right of the spires is that of the Dayton Union railway station. The two office buildings in the centre are the United Brethren Publishing Co. building and the Reibold building.

## FINANCIAL POWER OF THE WORLD DIED TO-DAY---J. PIERPONT MORGAN

### Man Who Had Illustrious Career--Was the "Sphinx" of Wall Street--One of the Richest Men in the World is Stricken by the Leveller of All Men--Had Sought for Better Health in Egypt, and Died in Rome, Italy.

[Canadian Press Despatch] ROME, Mar. 31.—J. Pierpont Morgan, the financier, died at five minutes past twelve o'clock noon to-day.

When his death was seen to be approaching rapidly, Prof. Bastianelli and Dr. George A. Dixon, forced Mr. and Mrs. Herbert L. Satterlee, son-in-law and daughter and Miss Helen Hamilton Morgan, who had been in constant attendance, to leave the room.

Mr. Morgan towards the end showed that he was suffering internally only by a movement of his right hand. Otherwise he displayed no sign of vitality, except by continuous heavy breathing.

Frequent bulletins were issued during the morning hours when his condition was gradually becoming worse and by 11 o'clock the physicians had given up all hope.

Mr. Morgan was unable to assimilate the artificial nourishment administered during the morning and his physical weakness was extreme. Heart tonics were injected but these had no effect and for several hours before his death he was in a state of coma, unable to respond to any questions or to recognize any of those at his bedside.

One of his relatives, Mrs. Fitzsimon, wife of the Rev. William Fitzsimon arrived from Cannes and was shown into the death chamber, but her presence remained unknown to the dying man.

Besides the four trained nurses in attendance, Miss Helen Hamilton

## Great Excitement Prevails in Russia Over the Balkan Victory

[Canadian Press Despatch] ST. PETERSBURG, March 31.—"Don't think this is Vienna," cried a crowd of people gathered in front of the Serbian legation to-day to listen to a speech from the Serbian Minister to Russia. The people's protest was raised in this way against the action of the Russian police who ruthlessly rode them down slashing right and left with their sabres.

The Russian Government apparently had foreseen the dimensions which would be assumed by the popular demonstrations over the victories gained by the armies of the Balkan allies in Turkey and had issued stringent orders to suppress any outbursts of feeling which exceeded the limits of official sympathy.

A most dramatic scene occurred outside the Serbian legation, when the Serbian minister attempted to make his speech, but was forced to withdraw into the building when the police charged.

A Russian general who was in the crowd remonstrated with the policemen, who explained that they were only obeying superior orders.

Many of the demonstrators were injured.

Anti-Austrian feeling was very keen among the demonstrators who attempted to reach the Austro-Hungarian embassy. Great crowds of them marched in that direction shouting, "Down with Austria," but the police, who were in great strength, were drawn up across the approaches and drove back the mob using their whips freely.

General Dimitrieff, a Bulgarian, was carried shoulder high and the Bulgarian minister to Russia in a short speech aroused wild enthusiasm by declaring that the Bulgarian success was a victory for the whole Slav race.

## WIDOW GETS A SETTLEMENT

### Sum of \$5,000 Will be Paid to Mrs. Hector Sullivan by Electric Company.

The widow of the late Hector Sullivan who was killed here a year ago on Alfred street while fixing an electric light will receive \$5,000 from the Western Counties Electric Company and the case will not be heard at the Spring Assizes here as scheduled. A settlement out of court was effected on Saturday. Messrs. Gibson, O'Reilly and Co. of Hamilton acted for the company and Mr. W. S. Brewster for the relatives of the deceased.

Editor ILL.  
ST. CATHARINES, Ont., March 31.—Ald William B. Burdette, editor and owner of the Standard, was taken suddenly ill last night and rushed to the hospital. He is troubled again by an old physical trouble and his condition is critical. He recently conducted a strenuous campaign in connection with the viaduct scheme, and it is thought the strain proved too much for him.

## One Minute Interviews

J. D. Kelly, manager American Radiator Co.—"Our fire protection tank is a credit to the Gould, Shapley & Muir firm, which put it up. It stood the most severe test of Good Friday's hurricane in great shape, and it was without its regular ballast of 200 tons at the time."

## A LETTER WHICH TALKS

THE following extracts are from a letter sent to Mr. John Fisher, M.P., by a prominent Liberal who lives in the North Riding:

"I see by to-day's paper you are all having a strenuous old time at Ottawa."

"I am absolutely disgusted with the stand Sir W. Laurier and most of the Opposition have taken on the vital question, and I can only tell you that if the Government are forced to the country on the bill I shall vote on the Conservative side."
