Li Hung Chang Dead

China's greatest diplomat went the way of all the earth on Thursday last. Leaving honesty and integrity out of the question, he is acknowledged to have been the greatest Oriental statesman in a worldly sense, the man who gets the better of his fellow diplomat is the greater in the eyes of the world, with notable exceptions. Li Hung Chang was unscrupulous and shrewd and his influence was great in the Celestial Empire. It is said the immediate cause of his death was a violent quarrel with the Russian ambassador.

Pugwash Swept by Fire

Fire was discovered in Elliott's block, Pugwash, Sunday night at 6.40. The wind was blowing a gale and notwithstanding most strenuous efforts, in less than four hours \$35,000 of property went up in smoke. By great work on the part of the fire fighters, the south end of the town was saved.

Twenty-three business places and houses were burned, valued at \$35,000, about one third covered by insurance. This is the second time within a year or so that the town has been burned. Pugwash is one of those towns who are "a penny wise and a pound foolish"—cannot afford an efficient fire protection service and suffer in consequence. It is said a hand engine would have drowned out the fire in 15 minutes.

LONG LIFE IS INHERITED

This statement you can prove by investigation. When a person whose ancestors had long lives dies in middle age you can in nine cases out of ten trace the cause to disordered kidneys and consequent suffering from Bright's disease, rheumatism, fatty heart or dropsy. Dr. Chase's Kidney-Liver Pills prevent and cure these fatal and painful diseases as no other preparation was ever known to do. One pill a dose, 25 cents a box.

Eight deaths of children have been reported to the St. Louis Health Department as the result of lockjaw, due, it is asserted by the physicians, to the administration of the city bacteriologist's specially prepared anti-toxin for diphtheria. Eleven other children are ill with lockjaw, and death is expected in each case. Nineteen cases of lockjaw among children have therefore been reported as a direct result of the administration of the infected anti-toxine.

Tourists in Egypt can now take a trolley car in the main street of Cairo direct to the Pyramids. In a short time a line will be built equipped with American cars to run from the ocean front at Tiraous to the Parthenon at Athens.

Walton

Nov. 2.—The fourth session of District Division was held at Memorial Division, Cheverly, on Oct. 22nd. In spite of the inclemency of the weather, there were representatives from nearly all the divisions. Broad Arrow was well represented, there being twenty members from this division. There were very few members present from Memorial Division, and the rain kept our District Scribe and District Worthy Patriarch at home, for which we were very sorry. Several discussions took place on different places of our temperance work, among these the question, how to win and keep members, how to educate our boys along temperance lines, and the manner in which the Scott Act is carried out. At six o'clock a sumptuous repast was served in the Division hall, and afterwards all adjourned again to the public hall for the evening meeting, which was very successful. A crowded house listened with pleasure to a lengthy and interesting programme. The evening which at tea time had threatened to be stormy proved at ten very fine, and we arrived home at twelve having spent a pleasant and we trust profitable day.

On Oct. 30th at Windsor, George Reynolds of Minasville was married to Annie Parker of Tennycape.

On Oct. 30th O. J. O'Brien of Noel was married to Miss Lily Bezanon, of Mr. Denson, by Rev. Mr. White of Hantsport.

On Oct. 30th at Falmouth, Robert Whendin of Walton was married to Miss Marion of Falmouth. The happy couple, accompanied by the bride's parents, passed through Walton enroute for Boston, their future home.

Mr. Frank and Misses Bella and Mary O'Brien passed through Walton on the morning of Oct. 29th.

C. T. White, of Sussex, N. B., owner of the tug Serena E, visited Walton this week. The tug is commanded by Capt. Lewis, who met Mr. White at Cheverly.

The barge Calabria came to Walton Nov. 1st from New York, to load with plaster. Capt. J. F. Rose is commander of the Calabria.

Miss Marietta Crandall, who is a student at Acadia, is spending a few days at home this week. She leaves for Wolfville Monday morning.

Mr. Irish of Walton, and Mr. Mack of Selma, exchanged pulpits on Sunday Oct. 27th.

An accident which might have proved serious happened on the morning of Oct. 24th. Mrs. Bancroft and son Kenneth were driving to the church to attend a missionary meeting, when the horse shied, throwing Mrs. Bancroft out onto the road. Though stunned for a few moments she received no serious injury, and was able after a short rest to attend the meeting. The horse broke loose, but was soon caught.

One of our most enterprising young men, Mr. Louis Wolaver, has this week moved into his new residence on Church Hill. The correspondent had the pleasure of taking tea with him and his wife on the evening of November 1st.

Hallowe'en was a very exciting occasion in Walton. During the first part of the evening a pound party was held for Lucindy Parker, and the size and number of the pounds proved the generosity and goodwill of our young people. We understand that at the close of the evening some of them narrowly escaped receiving some pounds.

A public missionary meeting was held in the Baptist church on the evening of Oct. 29th. The meeting proved very successful. An interesting programme was prepared consisting of a bible reading, solos, tracts, choruses, readings and addresses. Rev. M. C. Higgins gave a very interesting and stirring address on missionary work.

Wedding Anniversary

During the evening games were indulged in, among them being whist, the winners being awarded prizes.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

Crutches Discarded

Mrs. Wells, of Mochelle, Annapolis, Annapolis Co., writes:

May 8th, 1900

"I am an old woman, nearly eighty years of age. Sometime ago I fell and injured my hip. I was afterwards troubled with Sciatica; at times my sufferings were intense; I could not get about my room without the aid of a pair of crutches. I tried many remedies; none did me any good; some of them made me worse. At last I read of Egyptian Rheumatic Oil and tried that. I am happy to say that it has given me great relief, removing the pain and enabling me to move around much better than I could. I think Egyptian Rheumatic Oil a splendid liniment for use in cases of Rheumatism.
