**G. GATES SON & CO.**  
Middleton N. S.

Gates' Nerve Ointment for Frost Bites.

C. Gates, Son & Co. Middleton Gentlemen—I had the misfortune to freeze my toe which caused a great deal of suffering, and although I had it treated, yet without success till I used your Nerve Ointment, which has completely cured it and I have no hesitation in recommending it to others as the best I ever used.  
Yours Sincerely  
MATTHEW WOOD  
Port Phillip, N. S.

### Financial Letter

**F. B. McCurdy & Co.**  
Local securities continue in fair demand and many conservative investors are taking of the lower prices prevailing for practically all issues.  
**NOVA SCOTIA CAR WORKS**  
We understand that a very favorable response is being met with the offering of \$200,000 new 1st. Preferred stock of Nova Scotia Car Works.

**TRINIDAD TELEPHONES**  
The growth in the earnings of the Trinidad Consolidated Telephone Co. continues. The statement for March 1913, as compared with the same month of last year, shows as follows:

Revenue	1913	1912
Expenditure	\$3,881	\$3,558
	1,655	1,767

Net earnings \$2,226 \$1,791  
Surplus after paying bond interest 1,175 740  
The net earnings after paying bond interest increased over 50 per cent, showing the bond interest earned more than twice over.  
From this it will be seen that the bonds of this Company are very attractive at present prices, as it is not often that the premier security of a prosperous public utility can be bought to yield a clear six per cent.

**NORTH ATLANTIC FISHERIES**  
The annual meeting of the North Atlantic Fisheries was held at the office of the Company this morning to receive the report of the Directors for the year ending April 30th. A very satisfactory year's business was reported, the gross sales amounting to \$575,000 as against \$475,000 last year, an increase of 20 per cent. The earnings were satisfactory and in addition to paying preferred stock dividend and writing off loss incurred through the fire at Port Hawkesbury plant, a substantial amount was carried to profit and loss account.

### LETTER FROM A FORTY-NINER

Here is a simple, interesting and sincere letter from a rugged pioneer of '49 who braved the dangers and hardships of the overland trail to California. It should appeal to all catarrh victims.  
Santa Rosa, Cal., May 5, 1908.  
Booth's Hyomei Co., N. Y.  
Dear Sirs:—I was afflicted with catarrh and tried a number of remedies, but received no relief. I purchased an outfit of Hyomei, and before I had used the bottle I noted a marked relief. I used it for a month or so, and thought I was cured, and stopped using it for a year or so. Thought I was getting catarrh again, and started using it again. I use it every morning, and keep myself clear of catarrh. I consider it the best catarrh medicine that is used. I have often recommended it to my friends. I am 81 years old. I came to California in 1849, and of course am not as vigorous as I was 58 years ago. My address is 841 4th Street. Yours truly,  
W. Mock.  
Hyomei (pronounced High-o-me) is guaranteed by J. D. Clark, not only for catarrh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only \$1.00; extra bottles of Hyomei, if afterwards needed, cost but 50 cents.  
Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by Druggists & Dealers.

Word has come of the death of five explorers of the German expedition under Lieutenant Schroeder Stranz, which set out on an Arctic expedition last June. Eleven others are missing. Two relief parties are in search of these, but little hopes are entertained of finding them alive.  
Minard's Linctus Cures Cold, etc.

### Killed by Boiling Metal

Halifax, June 1.—One death resulted from an explosion followed by fire at the Nova Scotia Car Company's plant Saturday afternoon.  
The explosion occurred in cupola in which the iron is melted. Workmen were drawing off the molten iron when some of it fell on the wet sand which generated steam. The top of the cupola tender was blown off, and Charles Spinney the cupola tender was so badly burned by the hot metal that he died a few hours later.

### King's Birthday Honours

London, June 3.—King George's 48th birthday was celebrated today and the usual birthday honours announced. A baronetcy was conferred on James M. Barrie, the novelist and Knighthood upon Johnston Forbes.—Robertson the actor and theatrical manager, and Dr. J. Edward Albert Schaefer, professor of Physiology in Edinburgh University.

### Italy's King Makes Flight In Balloon

Rome, June 4.—King Victor Emmanuel, together with his principal aide-de-camp, Gen Ugo Brusati, today made a flight in a military dirigible balloon, at the Army flying ground at Bracciano, about twenty miles from this city.  
The King was greatly interested in the throwing of bombs from the balloon against fixed and movable targets on the ground.

At the Yarmouth Y. M. C. A. Boys' Camp held at Tuskat Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and toothache.

ALFRED STOKES, General Secretary

### Boys Played With Cartridge

Orillia May 30.—Three boys all aged four years, playing around a rubbish heap to-day, found a gun cartridge that had been thrown out with the scrap from a recent fire. One of the boys threw it against a cement wall, when it exploded, injuring the other two.  
George, son of Thomas Hill, was pierced twice in the abdomen. He was operated on at noon, but his recovery is doubtful.  
Everett son of Bert Hill, received nineteen shots over the left eye, and twenty-five near the knee, but is not so seriously wounded.

### World's Largest Water Tank.

The largest water tank in the world is in Calcutta. It covers an area of two and one-third acres, and the total weight when it is full of water is 72,000 tons. There are 32 miles of steel joints in the vertical columns and bracings, and in the foundations 20 miles of steel joints and tie bars. The capacity of the tank is 9,990,000 gallons of water. The tank acts as a balancer and to assist the pumps when they cannot send sufficient water into the mains to meet the demand. During the night hours, when the pumps provide more water than is required, the excess quantity goes into the tank; when the demand is greater the water from the tank flows automatically into the mains.

There is one medicine every family should be provided with, especially during the summer months; viz., Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by Druggists & Dealers.

We own and offer for sale, in lots to suit purchasers, a block of,  
**Nova Scotia Steel & Coal Co., Limited**  
6 p.c. Perpetual Debenture Stock.  
This Debenture Stock is secured by mortgage, and is issued in denominations of \$100 or multiples thereof.  
After making provision for the Bonds issued, the assets are valued at nearly five times the amount of the Debenture Stock issued.  
The average earnings of the Company for the last three years, after payment of interest on 5 p.c. Bonds, were equal to over four times the interest on the Debenture Stock outstanding.  
Price (98) and accrued interest  
Prospectus, application forms, illustrated booklets, and reports will be supplied upon request

**Ontario Wind Engine & Pump Company's**  
LINES ARE SUPREME  
What's the Reason?  
Why are some farms worth more than others? Why is one horse worth more than another? And why are the Ontario Wind Engine & Pump Co.'s wind-mills and engines better than all others?  
You know the merits in farms and horses, and I know merits in wind-mills and engines. That's the reason I sell the Ontario Wind Engine & Pump Co.'s lines.
