Victory Bond Issue Inaugurated With A Parade

Wolfville, is the headquarters for Kings Co. of the campaign to raise funds by Victory Bonds. The citizens have unitedly started the patriotic work and on Monday afternoon after careful preparation a great parade took place.

About thirty automobiles were gaily decorated with banners of all kinds and manned by the patriotic citizens of the town each vied with the other in doing their bit and it was a magnificent effort by a people who take no second place in every good effort.

The long parade started from the station grounds about 2.30 o'clock and paraded the town. At the Post Office a halt was made and brief addresses given. The long procession of happy and enthusiastic workers with the evidence of the energy and skill in decorations and ingenuity of design started on their mission of arousing Kings County to their duty in the present financial campaign some of the large floats and several autos were not able to go in the procession but over twenty followed the procession throughout to Kentville, Canning thence through Canard and Port Williams home.

At Kentville, the reception was a most hearty and enthusiastic one. The Boy Scouts Band played excellently and speeches were delivered from the Band Stand by Mayor Yould, Hon. H. H. Wickwire, and Hon. Barclay Webster. There is no doubt but that this magnificent procession stimulated many in the shire town to do their duty in purchasing Bonds.

Every car had distinctive features in ornamentation and original and gay attire of the occupants. The huge tank was a marvel of skill gave a fine idea of the huge monsters. Porter Bros. had their delivery car made into a cage driven by a typical Frenchman, and inside in chains was the "Kaiser" himself. Returned soldiers, typical Red Cross nurses and other features too numerous to mention all contributed to the great success of the parade.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT to Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

The Canadian wheat crop for 1918 has proved disappointing, despite the increased efforts to put a larger acreage into crop. This effort must be renewed for 1919. Victory is in the air. Canada must not relax in her task of furnishing supplies. It is important that the greatest possible wheat acreage be plowed this fall. The United States crop this year was fortunately a big success. Next year it will be Canada's turn. The Allies depend upon us.
