Every twenty years government offifals compare the current weights and neasures with the standards, which are sealed up in the staircase of the house of commons. There are only two standards, the pound weight and the yard measure. Every time it was the nervous man's play his fat friend walked up and just stood behind him. Never once during the game did the fat man say "Boo!" or anything else. But the anticipation at the expected "Boo!" was fairly nerve shattering, and the fat man won hands down.-Kansas City Journal.
