WOLFVILLE, NOVA SCOTIA, FRIDAY, SEPTEMBER 24, 1920.

\$1.50, payable in advance.

Wolfville Chautauqua

A Complete Success. Will Be Repeated Next Year.

Wolfville's first Chautauqua closed on Wednesday evening after a most pleasing and profitable three days of instruction and entertainment.

The thirty citizens who assumed the responsibility of the enterprise expected a week ago to be called upon to contribute towards a deficit and were quite willing to do so but this was unnecessary as the sale of season tickets proved ample to provide for the full expense of the course.

Six entertainments were given on the afternoons and evenings of Monday, Tuesday and Wednesday and all were most enjoyable.

The lectures each afternoon by Prof. L. A. Downey, Ph.D., on "Child Development", were most interesting and valuable and those who heard them were highly pleased. The course was one that should be heard by everybody. Dr. Dawney is a thoughtful and interesting speaker.

Miss Margaret Bradway, the Junior Leader, won many friends while in Wolfville. Her work with the young people was most valuable and the entertainment given by pupils of the school on Wednesday evening, after such a brief training, surprised and pleased everybody.

The lecture on Monday evening by Charles H. Poole, M. P., the eloquent New Zealander, was a delightful treat, as was also the lecture on "Russia" by Dr. George Lawrence Parker, of Boston, on Tuesday evening. The latter was a class-mate of Dr. Cutten at Yale, and has spent much time in Russia and apparently is very familiar with conditions in that country. Hon. Mr. Poole is a most attractive speaker and in his address gave a splendid idea of conditions

Electrical Accident

Very Near Proved Fatal

Last Saturday night Manager Brown, of the telephone exchange, narrowly escaped electrification while at his work in the office here. As it was he received a severe shock and had one finger badly burned and was in a precarious condition for some time. The cause of the trouble was the breaking of a low-tension light wire which fell upon a high-tension wire and causing that section of the system to be highly charged. A telephone wire also became involved which caused Mr. Brown's mishap, which happily did not prove fatal. Considerable damage was done to the wires and for the remainder of the night the town was in darkness.

in his wonderful country, which is receiving so much attention at present because of its good laws and up-to-date institutions.

While the object of Chautauqua is primarily educational, the entertainment furnished was most pleasing. The American Quartette on Monday, the LaDell Trio on Tuesday, and Buckner's Jubilee Singers on Wednesday delighted the large audiences which listened to them.

Wolfville people will be glad to learn that arrangements have been made to have Chautauqua come again next year.

A sufficient number of guarantors have been found and at a meeting held on Wednesday evening the following officers were elected:

President—B. O. Davidson.
Secretary—H. E. Woodman.

Treas.—Dr. A. J. McMenna.

These with Dr. Cutten, this year's president, and Dr. Archibald, this year's secretary, will form the executive. Citizens will look forward to a return of Chautauqua next season.

The School Exhibition

Proved a Great Success. Prize List Next Week.

Thursday of last week was a big day for Wolfville school children. In the morning sports were held on the college campus for girls and boys, with first and second prizes in each event. The most interesting events were the inter-class contests, such as tug-of-war and relay races. The sack races and three-legged races were opened to both boys and girls and were keenly contested. Prizes were distributed by Rev. Mr. Miller. Scoutmaster Brown and assistants had charge of events.

At 2.30 o'clock in the afternoon the exhibition was opened in the college rink in vegetables, flowers, canned goods, was large.

Special mention is made of the model exhibit of vegetables sent from the Experimental Farm, Kentville. It was the big exhibit of the day.

In the evening assembles were given by Professor DeWolfe and Miss Baker, of Truro, and Professor Blair of the Experimental Farm.

Professor DeWolfe, speaking on "The Value of Exhibitions," said this was work done by the children and for themselves. It being their own garden there was legitimate pride in ownership, the friendly rivalry among the contestants, and the fact that the work was done in their own school work through the use of the prizes in many cases.

Miss Baker spoke on sports and supervised playgrounds first bringing out the value of play in developing a child for

THE BY-ELECTIONS

The Federal elections necessitated by the appointment of Hon. F. B. McCurdy as Minister of Public Works and Hon. R. W. Wignore as Minister of Customs and Inland Revenue took place on Monday. Hon. Mr. McCurdy was re-elected in Colchester with a majority of 1500 over his opponent, Capt. Hugh Dickson, M. C. At St. John-Albert, N. B., Hon. Mr. Wignore was elected over the Liberal candidate with a majority of approximately 4,200 votes, the defeated candidate losing his deposit.

Supervision was necessary that they should be guided in their play along right lines of sport and exercise. Equipment is vital, but not as vital as supervision. Rivalry in sports gives added zest and also teaches contestants to be good losers.

Play and sports also bring out cooperation in competition.

Prof. Blair also emphasized the value of exhibitions in directing the energies of boys and girls along right lines. They said that to raise prize winning products of the soil, land and seed are not the only requirements. There must be much thought in planning out the work, as well as attention to the care of the growing plants and vegetables.

The High school girls had ice cream and candy booths, the ladies of Greenwich had an excellent exhibit of canned goods, and a collection of native woods and brush. Perry was a striking specimen of the 78 specimens of different varieties, two longitudinal and one section of each variety.

This, the second exhibition given by the Wolfville School, was a complete success and a credit to those having the work in hand.

A full list of the prize-winners will appear in THE ACADIAN next week.

Mae Edwards Players

Coming to Wolfville Next Week.

The Mae Edwards Players will open a three nights engagement at the Opera House on next Thursday evening. These favorites of last season will present a high class repertoire of standard successes together with special attraction of vaudeville. The opening play Thursday night will be the three act comedy drama "Just Mickey". An added specialty this season is the Mae Edwards Jazz Orchestra which will be heard at each performance and a change of Play and Vaudeville nightly the theatre going public are sure in for a real treat.

Seats now on sale at the Box Office.

ODDFELLOWS' FRATERNAL VISIT.

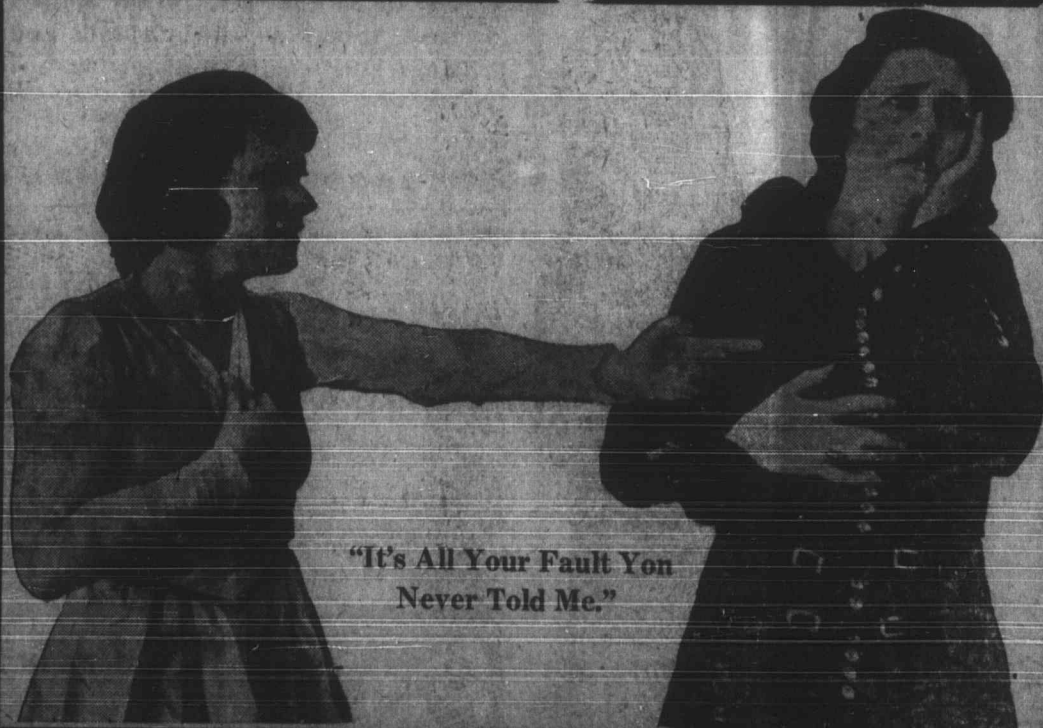

About sixty members of Orpheus Lodge 92, I.O.O.F., visited Edwards Lodge in Hantsport on Monday evening last, and put on degree work for that Lodge. After the work of the evening a hearty repast was served by the Hantsport Rebeccas and a social time held. Grand Master W. Clark and Deputy Grand Master Wood was also present which added much to the pleasure of the occasion. The party returned in the small hours of the morning with glowing reports of the hospitality of Edward Lodge.

A design suggested for the Memorial Tablet by a returned man has been on exhibition in the window of THE ACADIAN building this week and has caused considerable attention.

Rev. Dr. and Mrs. MacDonald are moving this week into the new Baptist parsonage on Prospect street, which has been newly fitted up for their use.

Jas. D. O'Connor, Chairman.

What Halifax Woman's Council Says: Convention, National Council of Women, St. John, N. B., June 17th, 1920

Dear Sir:

The undersigned after seeing the film "Enlighten thy Daughter" at a private screening, find no objectionable feature in it. It is a wholesome lesson to the suffering following abortion. The evil of allowing boys and girls untaught and unsuspecting to make promiscuous acquaintance and to go motoring into the country without chaperonage. The picture emphasizes the fact that the "Wages of sin is death". Carefully presented as it is, it cannot be condemned by earnest, thoughtful Mothers, who might well take their growing boys and girls to see it.

(Signed)
