Having been solicited by many to become a candidate at the coming election. I have consented to allow myself to be put in nomination.

consented to allow myself to be put in nomination.

Knowing that the people of this Parish desire to have one Member, and also that hundreds of Agriculturists in this County believe they have not been represented in General Assembly by men whose interests are identified with theirs in proportion to their numbers and wealth: I therefore present myself as an Agriculturist, asking your support in the coming contest; and should 1 be elected, I shall do all I can to reduce the expenses of the Legislature and Government, and promote the best interests of the country.

DORCHESTER, 30th-May, 1870. JOHN FAWCETT, Esq. ;

JOHN FAWCETT, ESQ.;

Dear Sir,—I am sorry to learn that some people persist in charging you with having been induced to resign at last election by the gift or promise of money or something else from me or some of my friends. There was no such inducement either offered, given or promised, then, before or since, by me or any person or persons on my behalf; and you are at liberty to use this letter to contradict any such charge, it you think it worth while.

I thought, and still think, your reason for resigning was the same as Mr. Hanington's and the other candidates, viz., that you were advised by your friends that it would not be prudent for you to contest the election under the then existing circumstances.

I am, dear sir, Yours very trut. J. L. Moor DRESS MAKING
