Most of the Prizes Went to Moncton and St. John Contestants.

CHATHAM, Thursday—The second annual Y M C A sports held this afternoon on the exhibition race track were very successful and attracted a large attendance.

The majority of the events were carried off by outside competitors of whom Harry Patterson of the Thistie Athletic Association of St. Stephen, won a golid silver medal given for thisginest individual score, winning this with thirteen points, two firsts and one second.

A wind down the track favored those in the hundred yard sash which Jack Browster won in 101-2seconds beating out Patterson by a few nehes. Patterson got his revenge in the 220 when, in spite of the wind and slightly heavy track, he did the distance in 23 2-5 seconds with Brewster a close second.

Patterson fought out the 440 with A W Covey of St. John and had to do the distance in 52 seconds to beat out the St. John man. This mark is within 4-5 of a second of the marritime record. Patterson of finished in good shape and later figured in a

INCURABLE HEART TROUBLE

LOOKED FOR DEATH IN A SHORT

Entirely Cured by "Fruit-a-tives."

"Gentlemen,—The days of miracles are not all past and I feel that my complete recovery, from what seemed inevitable death, is practically a miracle. I suffered from severe Indigestion and Dyspepsia for nearly two years. I could not take food without fearful distress and I became almost a skeleton as the result of the suffering. I could not do any work and became so run down and weak that I could hardly walk. I was attended by two experienced doctors. They both pronounced my case heart failure and incurable, and I looked forward for death in a short time. I not only had incurable, and I looked forward for death in a short time. I not only had the doctors but after they gave me up I tried many remedies and treatments but got no better.

At this time.

At this time my son asked me to try "Fruit-a-tives," and from the outset of taking these wonderful tablets I was better and gradually this medicine completely cured me. I took a large number of boxes, perhaps a dozen, and now I am entirely cured and I have gained over thirty pounds in weight.

I am now so well that I have sold
