The PROTESTARY. AND EVANGELICAL. WITNESS.

The first of the tank is an instead when party on the control of the sigh. and tear, and grean of Italias twice-ensiaved; and while yet these mighty incitre powers agended, almost hopelessly, to God, the in his own good way was perfecting an agency for the deliverance of this people; in the fullness of time, we find that agency thrust forward to his work, directed,—though, as in the case of Medo-Persian Cyrus, that direction unperceived and unacknowledged,—by him who of old declared, of another people, "I have heard their groans, and have come down to deliver them." And now, in a comparatively brief period, the Bourbon to the indignative of the control of his work, directed,—the his through has sought and obtained a shelter from the indignation of his outraged subjects, in Seville, a place of some celebrity in old Castile, the territory of his Bourbon cousin—tabelle II. So hopeless had his cause become, that, as soon as it was ascertained that Gariballi had set foot on the mainland—having established a provisional Government in the Two Siellies,—a ship was waiting in the Bay of Naples, to bear His Majesty, foreer from a people whom he had despised and oppressed, and the work of a proper of our Saviour and the control and the control of the change, the people having grown weary of the continued vice and tyranny of their ruler,—or no invader, without powerful force in material and men, could have succeeded, as Garibaldi has done, and that almost into the state of Lochaber Congregation, real reports, without bloodshed, in revolutionizing a nation, and which were agreed to.

Choice Sentiments.

The day of the Lord is at hand, and then all men shall appear and be manifested as they really are: there shall be no borrowed colors in that day; men borrow the hister of Christianity, but how many counterfeit masks will be burned in the day of God!

Hew many do I see who are sowing only to the flesh way of God so who are sowing only to the flesh loth sides, is but the fool's idol. O Lord, let it not be the nest that my soul buildeth in. This world, in its gain and glory, is but the great and notable deceiver, by which the sons of men have been beguiled these five thour and years.

Build your nest upon no tree here in the same in the mative Italian Missionaries, ready for the Master's work, ready, at the word, to go better, in the strength of Omnipotence, to evangelize their much loved Italy.—Blessed work, pe honored heters much loved Italy.—Blessed work, pe hono

The following paragraph will give some sight his bat thes. The following paragraph will give some sight his bat opposite for living in Italy as the present vision.
